1. Why did I receive the IRS Form 1098-T?

Montgomery College (MC) is required to provide a completed IRS Form 1098-T to enrolled students earning credit hours, for whom the College received payments towards qualified tuition and fees within the calendar year (January 1 through December 31). Internal Revenue Service (IRS) Form 1098-T is an informational form which enables the tax payer to determine eligibility for one or more education tax credits or deductions. Eligibility for any tax benefit depends upon your individual facts and circumstances. Refer to IRS publication 970 and Tax Benefits for Education: Information Center for further information regarding the 1098-T, or consult your tax advisor. Montgomery College cannot answer your tax questions or advise you on tax-related issues.

NOTE: Beginning in the 2018 tax year, Congress and the IRS eliminated the option for colleges and universities to report "amounts billed" in Box 2 on the form 1098-T. Colleges and universities must now report the "amounts paid" in Box 1 for qualified tuition and expenses.
