The Global Humanities Institute is a global education project of Montgomery College, funded in part through a challenge “Bridging Cultures” grant by the National Endowment for the Humanities. Our purpose is to support the systematic integration of other cultures and countries to the study of the humanities. Our project includes faculty training and support of teaching, cultural community engagement, research and scholarly work, and scholarly exchanges abroad as we travel to China, India, and El Salvador. We invite you to join us as we work to meet the imperative goal of preparing students for a global future.
