Portraits of Life: Holocaust Survivors of Montgomery County is a traveling art exhibit and education program. The large (24"x36") photographic portraits and compelling stories speak directly to people about loss, survivorship, and the triumph of the human spirit. *Portraits of Life* supports a Holocaust survivor speakers program, encouraging and supporting Holocaust and genocide studies in schools, colleges and faith institutions in the metro-D.C. region. This program is offered as a service to the community by the **Paul Peck Humanities Institute (PPHI) at Montgomery College**. For more information about the *Portraits of Life* exhibit and speakers program, contact Professor Ken Jassie, *Portraits of Life* Coordinator, Ken.Jassie@montgomerycollege.edu

Montgomery College faculty and staff may receive multicultural diversity designation credit for participation in these events.
