Spring Session

\textbf{Acting and the American Theater} \textbf{NEW}

Do you like acting? There is a rich history of theater in America. Did you know the first play performed in America was called “Ye Bare and Ye Cubbe”? It was performed in a tavern and the actors were immediately arrested. Although Americans did not invent the melodrama—a larger than life comedy that teaches a lesson. The lessons elevate the comedy to a completely new level with elaborate sets such as a moving train about to run over someone tied to the track, and a treadmill so real that horses could run on stage. You will follow a weekly structure of vocal warm ups, stage movements and improv games. You will perform a melodrama. You will read a script, learn blocking, create sound effects and choose your own costumes and props for your performance. This will be fun, high energy and a great experience for everyone. Join us to put on an awesome show!

Driver Education with Additional Supports (SFT079)

Montgomery College’s Driving School and its instructors are Maryland MVA licensed and certified. Our additional support instructors are dually certified in Special Education. This course, in a small classroom environment, prepares rookie drivers to test for a Maryland driver’s license. Our 36-hour course consists of 10 three-hour classroom sessions, and 3 two-hour individual sessions using our own cars.

This course provides the exact same MVA curriculum as SFT-043 Driver Education, but with built-in supports. Rookie drivers MUST be accompanied by mentor (parent, guardian, etc.) at the first class/orientation and MUST bring a learner’s permit to the first class/orientation. Montgomery College educates mentors on how to manage the learning-to-drive experience through our mentor/parental involvement expectations, our 12 driver readiness indicators with self-assessments, and a collaborative approach between mentor and instructor(s).
