Painting with Words
Did you know you can create a picture using just words? Learn how to do just that in this course designed to show you how to describe people and objects as well as express yourself creatively with storytelling and poetry. You will explore different forms of writing beginning with descriptive paragraphs using a picture and popcorn to introduce the five senses, and using 3-dimensional objects. You will learn how to write descriptive paragraphs, write complete sentences, and learn ways to begin them. Express yourself with creative writing, use more sophisticated words and know how to write directions in order. You will understand and write poetic phrases, write a brief story, understand and use grammar and punctuation, using an introduction, conclusion and three main points. You will write a five-paragraph essay using a graph; while expressing yourself with creative writing, learning grammar and writing techniques. Join us as we paint with words! Please bring colored pencils to class
