New Course

2 | Workforce Development and Continuing Education
These unique enrichment courses help adults with developmental disabilities function more independently in the home, at work, and in the community. Of equal importance, students will have the opportunity to increase their social and community awareness by visiting Montgomery College and learning what it has to offer. Before class begins, please call 240-567-5188 for changes or cancellations.

For more information, please visit: www.montgomerycollege.edu/wdce

**Student Expectations:**
Students are expected to abide by the Student Code of Conduct, as well as course expectations during Structured Remote/Zoom classes. Any violation may result in disciplinary action, including dismissal from the program.

For support services due to a disability, please contact Natalie Martinez at 240-567-4118.

**All About Gardening**  
Join us to learn the science of gardening: parts of the plants, watering, sunlight, fertilizing, mulch and nutrients in the soil. You will learn about gardening tools, and how important the weather is to a garden. You will be given seeds to grow plants and will input data on plant growth over the semester. Plants are essential to your garden; flowers fall into two general categories: annuals and perennials. In addition, water, fertilizer and mulch are key elements needed to have a successful garden. You will learn the importance of the ecosystems and the complex issues involved in climate change. Join us and become a green thumb gardener!

**All Fall 2021 Challenge classes will be offered as Structured Remote (SR)**

Structured remote classes are scheduled on specific days and at specific times. Students meet virtually as a class through Zoom. Class sessions take place in real time, and the instructor leads course sessions.
Color Explosion: Creating with Color  

Do you have a favorite color? You will travel back in time to investigate the origin of all of the tantalizing hues of the rainbow. Do you know where colors come from? An artist invented the first pigments, a combination of soil, animal fat, burnt charcoal and chalk as early as 40,000 years ago, creating a basic palette of five colors: red, yellow, brown, black and white. The first color wheel was presented by Sir Issac Newton in the 17th century when he first discovered the visible spectrum of light. As you learn about these fascinating colors, you will create art based on the color of the day using a variety of art mediums such as paint, paper, clay and yarn. Come explore and create an explosion of color!

Create a Cartoon Comic Strip

Can you draw a stick figure? If so, you can develop funny cartoons! You will develop your own personal style, create characters and write a story line. Creating a cartoon comic strip is no different from writing a short story: beginning, middle and ending. You will learn the differences and similarities between cartooning and illustration. **Materials needed for class: sketch book, pencils, erasers and a ruler.**

**Course: SPP468  15 Hours**

**Effective Communication in the Workplace**

Effective communication in the workplace is an essential part of any organization. Employers want employees who communicate effectively, are positive, good listeners and practice being open minded. You will learn the communication skills you need to succeed in the workplace such as: the most effective way to communicate verbally and non-verbally, the proper use of phones and cellphones in the workplace and strategies for managing conflicts and interacting with coworkers. We will have team building and leadership activities that will help lead to stronger relationships and less conflict at work and in life. Mastering these skills will help empower you, build self-esteem, and lead to increased success in the workplace. Join us as we discuss how to be a successful team member and a productive employee.

History of Pop Music NEW

Take a historical musical journey with us to learn about the history of Pop Music. Did you know that the first strings of pop music began in the 19th century with discoveries by Thomas Edison and Emile Berliner? In 1877, Edison discovered that sound could be reproduced using a strip of tinfoil wrapped around a rotating metal cylinder. Pop music started with the publishing of sheet music. Originating in the late 1950's, as an alternative to normal rock and roll, early pop rock was influenced by the beat, arrangements and the original style of rock and roll. You will learn about the people who influenced pop music: The Beatles, Bob Dylan, Jimi Hendrix, Miles Davis, Elton John, Michael Jackson, Madonna and Taylor Swift. Driver Education with Additional Supports (SFT079)

Montgomery College's Driving School and its instructors are Maryland MVA licensed and certified. Our additional support instructors are dually certified in Special Education. This course, in a small classroom environment, prepares rookie drivers to test for a Maryland driver's license. Our 36-hour course consists of 10 three-hour classroom sessions, and 3 two-hour individual sessions using our own cars.

This course provides the exact same MVA curriculum as SFT-043 Driver Education, but with built-in supports. Rookie drivers MUST be accompanied by mentor (parent, guardian, etc.) at the first class / orientation and MUST bring a learner's permit to the first class / orientation. Montgomery College educates mentors on how to manage the learning-to-drive experience through our mentor / parental involvement expectations, our 12 driver readiness indicators with self-assessments, and a collaborative approach between mentor and instructor(s).

Visit us online at www.montgomerycollege.edu/wdce.
Services for Students with Disabilities

Montgomery College complies with the provisions of Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2009. The college provides accommodations, access to facilities, programs, activities and services for qualified students with documented disabilities. Accommodations are determined on a case by case analysis based on information provided by a qualified professional.

If you need support services due to a disability, please contact Natalie Martinez, WDCE Disability Support Services Counselor, to schedule an appointment, phone 240-567-4118, e-mail natalie.martinez@montgomerycollege.edu, Fax: 240-567-5163 at least six weeks prior to the start of the classes to ensure timely services. If necessary and appropriate, students may register for courses or activities prior to or while going through the support services process but are expected to comply with required deadlines to ensure that appropriate accommodations can be secured.

Any student who may need assistance in the event of an emergency evacuation must identify to Disability Support Services; guidelines for emergency evacuations are at: www.montgomerycollege.edu/dss/evacprocedures.htm.

Under provisions of the Americans with Disabilities Act, this material is available in alternative formats by contacting the Disability Support Services Office at 240-567-4118.

A Sorenson Video Relay Service with a large Monitor is available in the Rockville, Takoma Park/Silver Spring and Germantown Campus libraries.

Students Under 16

Students must be 16 or older, or have permission of the program area by the start date of class, in order to participate. Call 240-567-5188 for more information.

Registration Options

Regardless of which registration option you select, registrants will be enrolled in the order that registration and payments are received (to avoid disappointment, register early); payment is required at the time of registration. All students must register prior to attending the first class.

Payments

Payment MUST be made IN FULL at the time of registration to avoid being deleted from the course. Complete information is required to process all registrations and payments.

Further instructions for WEB, FAX, or MAIL-IN payments can be found at: www.montgomerycollege.edu/wdce/registerops.html.

Registration will not be processed without appropriate payment.

I certify that the information on this registration is correct and complete. I am aware of and will adhere to College policies as published in the Student Handbook.

I understand that non-attendance and/or failure to file all registration changes in writing with the Admissions and Records Office does not relieve me of responsibility for tuition and fee charges incurred. I agree to abide by the policies and procedures of the College, including without limitation, the Student Code of Conduct and any payment liabilities. I hold the College harmless for any errors I have made that may affect a request for a subsequent refund or academic appeal.

Montgomery College is an Equal Opportunity Affirmative Action Title IX institution.
All Fall 2021 Challenge classes will be offered as Structured Remote (SR)

Structured remote classes are scheduled on specific days and at specific times. Students meet virtually as a class through Zoom. Class sessions take place in real time, and the instructor leads course sessions.

These unique courses will help adults with developmental disabilities function more independently in the home, at work, and in the community. Of equal importance, students will have the opportunity to increase their social and community awareness by visiting Montgomery College and learning what it has to offer.

**Before attending Challenge courses, please call 240-567-5188 for time changes, date changes and course cancellations. Please register on time, classes fill quickly.**

**Student Expectations**
Students are expected to be able to navigate the campus independently and must abide by the student code of conduct. Any violation may result in disciplinary action, including dismissal from the program.
