Or Visit: www.montgomerycollege.edu/wdce
Montgomery College provides a wide variety of long- and short-term programs designed to assist individuals looking for a new career. Programs are designed for those entering the workforce for the first time, re-entering the workforce, changing career fields, receiving industry certifications, strengthening basic skills, or investing in ongoing professional development. College programs include traditional one- and two-year certificate and degree programs, as well as many short-term noncredit career programs.

This Career Resource Guide provides an overview of short-term career programs provided through the College’s noncredit program areas of Workforce Development & Continuing Education. Generally, the programs require less than one year, and in many cases, are designed to be started and finished within a few months.

For many individuals, these programs may serve as career starters. The programs are designed around entry-level skill requirements, certifications, or employer-driven competencies, which can serve as a starting point for career paths within the selected field of study.

Our most successful students are those who spend time reviewing career fields, thinking about personal interests, understanding work conditions and educational requirements, and seeing how career-starting programs can lead to an ongoing continuum of learning and advancement within the chosen fields.

The online resource Career Coach, described on the next page, has been very well received by community members as a helpful resource for considering career fields. Career Coach is designed for public access and integrates several labor markets, tools, and related College programs.

We encourage students, community members, and employers to explore the array of programs and services that are available through Montgomery College. For further information, please call Montgomery College at 240-567-5000 or visit montgomerycollege.edu.

ADULT ESOL AND BASIC SKILLS

ADULT ESOL & BASIC SKILLS FOR COLLEGE AND CAREERS

Non-Credit Continuing Education Program Description:
The Adult ESOL & Basic Skills for College and Careers unit provides classes to support students who need additional help with basic academic skills and GED® test preparation; English language development; computer literacy; and U.S. citizenship in order to access college and entry-level employment. Program participants may receive additional guidance and advising services to assist with transitioning to college and careers.

Available classes and programs include:

- Adult English for Speakers of Other Languages (ESOL)
- Literacy – GED® Test Preparation
- U.S. Citizenship Preparation
- Computer Literacy
- Refugee Programs
- Work Plus! (English language and basic skills for entry-level jobs in trades, healthcare, and customer service)

Additional programs may become available as funding becomes available. Please contact the office staff to receive email updates about new programs.

Possible Financial Aid and Payment Options:
- Most classes are funded by grants and are free or at very low cost to qualifying students.
- Because the classes are supported by outside grants, there may be additional entrance requirements.

Length of Training:
- Courses vary in length but meet for a minimum of 60 hours.

Information Sessions/Orientations (if applicable):
Many courses have information sessions and orientations.
See this link for more information. [http://www.montgomerycollege.edu/wdce/aelg/](http://www.montgomerycollege.edu/wdce/aelg/)

Application Process (if applicable):

- Follow the directions on the web page to apply for the different types of classes. [http://www.montgomerycollege.edu/wdce/aelg/](http://www.montgomerycollege.edu/wdce/aelg/)
- All classes require an assessment to determine the appropriate level.
- Some classes have additional entry requirements (e.g. interview, proof of income).
Pre-requisites:
- Some classes have additional entry requirements (e.g. interview, proof of income, residency status, minimum age), depending on the class and grant requirements.
- There may be additional requirements depending on grant requirements or.

Course Information:
See links for details and schedules.

Additional Expenses:
In some classes, students are asked to purchase their own textbooks.

Successful Completion:
Varies depending on grant requirements.

PET GROOMING PROGRAM

Non-Credit Continuing Education Program Description:
This program prepares students to work in the pet grooming field as an employee or as a business owner with a mobile grooming service, a shop, home grooming or in a veterinary office. This course teaches the fundamentals of grooming, correct usage, maintenance, and purchasing of grooming tools and equipment depending on animal venue. You will also learn anatomy, health examinations, breed, nutrition, and correct record keeping. The program includes 105 hours of instruction, including class lecture, exams, hands-on training, and on-site internship hours.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery [http://worksourcemontgomery.com]

Length of Training:
- 105 Classroom hours, including hands-on training

Typical Location of Courses:
The courses to complete this program are typically held at an Offsite Grooming Salon. There will be lab and classroom instruction.

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html).

Pre-requisites:
- Students must be at least 18 years of age and have a high school diploma or GED prior to the beginning of the Pet Grooming Program.
- Students must complete all four modules to receive certificate. Modules must be taken in order, no exceptions. Students will be required to purchase grooming kits at their own expense. Students must be able to lift up to 40-pounds and able to stand for long periods of time.

Schedule and registration information can be found at: [https://www.montgomerycollege.edu/wdce/course-schedule](https://www.montgomerycollege.edu/wdce/course-schedule)

ANIMAL CARE

VETERINARY ASSISTANT PROGRAM

Non-Credit Continuing Education Program Description:
This program prepares students to work in the animal care field. As a trained assistant, you will be involved in supporting veterinary technicians and veterinarians in a variety of inpatient and outpatient activities from the care and feeding of animals to medical treatment within the scope of your position. This program includes 96 hours of classroom lecture plus a 54-hour clinical externship.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery http://worksourcemontgomery.com:
  Ph: Germantown: (240) 406-5485; PH: Wheaton : (301) 929-6880

Length of Training:
- 96 Classroom hours
- 54 Clinical externship hours to be completed at a separate location assigned by Montgomery College

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College’s Gaithersburg Business Training Center (GBTC) and the Rockville and Takoma Park/Silver Spring campuses. The animal handling sessions are held at all locations except for GBTC.

Information Sessions/Orientations (if applicable):
Orientation sessions will be held one per year and they are mandatory for entrance into the program. Dates are assigned for the orientation and advertised via the schedule and program website.

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html
Pre-requisites:
- Students must take a MANDATORY assessment test and pass with a 70% or higher to be accepted into the program. Students must attend a mandatory orientation and be at least 18 years of age prior to the beginning of the Veterinary Assistant Program and must be a high school graduate or possess a GED prior to the beginning of the program.

- Students are required to submit a volunteer form prior to the assignment of a clinical externship. Students must be able to lift 40 lbs. and able to stand for long periods of time.

COMPUTER NETWORKING

Non-Credit Continuing Education Program Description:

Computer networks are the communications backbone of large and small businesses, and production stops for these businesses once the system goes down. Computer Networking is usually the starting point for careers in IT. Some of the positions in computer networking are Network Administrator, Network Engineer, Network Analyst, Help Desk Support Technician, and Computer Support Specialist. Some of these courses prepare the students for recognized IT industry certifications such as CompTIA Network+ and Security+, Microsoft Certified Solutions Associate (MCSA), and Cisco Network Associate (CCNA).

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Employer/Sponsor Paid Tuition

Length of Training:
- Varies

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College’s Takoma Park, Rockville, and GBTC location(s).

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html.

Pre-requisites:
Before taking these courses, students must possess prior computer basic knowledge or have taken Computer Basics CMP941 or File Management Skills CMP226. Some accounting knowledge is recommended for students taking QuickBooks. We recommend that the courses are taken in the order shown on the course information table. Do not hesitate to contact the program staff for additional questions.

CYBERSECURITY

Non-Credit Continuing Education Program Description:
The need for cybersecurity professionals continues to grow. The course sequence provides the foundation for a career in cybersecurity. These courses also provide the skills for entry-level positions such as Help Desk Support Technician, Computer Support Specialist, and Network and Computer System Administrators.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Employer/Sponsor Paid Tuition

Length of Training:
- 223 classroom hours – Core Courses
- 158 classroom hours - Electives

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College's Takoma Park/Silver Spring Campus, Rockville, and GBTC location(s).

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html.

Pre-requisites:
Before taking these courses, students must possess prior computer basic knowledge or have taken Computer Basics CMP941 or File Management Skills CMP226. We recommend that the courses are taken in the order shown on the course information table. Do not hesitate to contact the program staff for additional questions.

Schedule and registration information can be found at
https://www.montgomerycollege.edu/wdce/course-schedule

Additional Expenses:
In order to become certified, participants will have to pay for textbooks and any certification exams they decide to achieve.

Skills for Success:
The successful participant should be comfortable working with computers and have the ability to study 2-4 hours per week on their own time in addition to time spent in class.

Successful Completion:
- Student will be able to identify and explain basic computer components, set up a basic workstation, conduct basic software installation, and use basic network services.
- Students will be knowledgeable to the most common security threats, will gain basic understanding of best security practices and will learn how to prevent basic computer security problems and risks.
- Ability to identify vulnerabilities and defend web applications against hackers and malicious crafted input. Manage code debuggers, unexpected data threats, password administration, information leakage, token generation and life cycle protection.
- Develop skills to protect web databases and defend against browser attacks.
- Students will have access to a Continuing Education academic record (transcript).

PROGRAMMING

Non-Credit Continuing Education Program Description:
Programmers write, test, and maintain codes to create computer programs. Programmers are needed in almost all sectors of the economy; they often become system engineers and project managers. The course sequence will help you start a career in this field.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Employer/Sponsor Paid Tuition

Length of Training:
- 138 classroom hours Visual Studio.NET track
- 96 classroom hours Java Track

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College’s Takoma Park/Silver Spring, Rockville, and GBTC location(s).

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html.

Pre-requisites:
Before taking these courses, students must possess prior computer basic knowledge or have taken Computer Basics CMP941 or File Management Skills CMP226. We recommend that the courses are taken in the order shown on the course information table. Do not hesitate to contact the program staff for additional questions

Schedule and registration information can be found at
https://www.montgomerycollege.edu/wdce/course-schedule
Course Information:

Course Number | Course Title | Course Hours | Textbook Information | *Costs
--- | --- | --- | --- | ---
| CMP839 | Programming Fundamentals | 18 | Must purchase textbooks/materials | $304 T=$99 F=$205
| ITI418 | Java Programming - Introduction | 18 | Must purchase textbooks/materials | $304 T=$199 F=$106
| ITI283 | Java Web Development - Boot Camp | 8 | Must purchase textbooks/materials | $499 T=$100 F=$399

Programming: Java Track

Python Track

Skills for Success:
The successful participant should be comfortable working with computers and have the ability to study 2-4 hours per week on their own time in addition to time spent in class.

Successful Completion:
Upon completion of this course, students should be able to:
- Write simple programs using decision and iteration constructs
- Write programs using object-oriented notation
- Manage database security in MS SQL Server 2012 database environments
- Implement Java Software Development Kit (J2SDK) and create development of simple Web applications and stand-alone applications in Java.

*Tuition & Fees are subject to change
Successful Completion: (continued)

- Debugging programs, the pre-processor, aggregate data types, class definitions and programming operator overloading using C++.
- Use SQL commands
- Design and use of classes and interfaces within generics in C#
- A certificate of completion of the training will be given upon successful completion of all courses and hours.
- Students will have access to a Continuing Education academic record (transcript).

Certifying Professional Association: N/A

SALESFORCE

Non-Credit Continuing Education Program Description:
Learn the foundational concepts of being a Salesforce Administrator and a Salesforce Platform App builder. This training will help you learn how to configure Salesforce, so you are able to collect, analyze and retrieve all of the vital information associated with your customer base. Moreover, you will use Force.com fundamentals to understand Salesforce online application development and the deployment of next-generation cloud apps. We offer practical hands-on learning that will ensure your job success as well as the theoretical knowledge needed to pass both Salesforce certification exams (ADM201 & Platform App Builder).

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Employer/Sponsor Paid Tuition

Length of Training:
- 80 Hours

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College’s Takoma Park/Silver Spring, Rockville, and GBTC location(s).

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html

Pre-requisites:
Understanding of basic database and salesforce concepts.

Schedule and registration information can be found at https://www.montgomerycollege.edu/wdce/course-schedule

Successful Completion:
- Upon successful completion of Makeup Artistry II and Makeup Artistry II students will be eligible for a certificate of completion.

Certifying Professional Association: N/A
For Additional Career Opportunities and Information, please visit:

- For related Montgomery College Credit and Non-Credit Programs, visit Montgomery College Industry Certification Licensure Preparation Programs at: https://www.montgomerycollege.edu/wdce/job-skills/; and

- Student careers and employer services by logging onto Ejobs and registering at https://www.montgomerycollege.edu/life-at-mc/student-career-and-employment-services/#ejobs

The current Job Outlook in the Montgomery County/Washington Metropolitan area, includes:

- Current Median Salary for this career is $69,058; and

- 10 of annual job openings are posted within 50 miles of Rockville, Maryland.
Technical Standards
The primary goal of the Makeup Artistry program is to adequately prepare students to become professional makeup artists.

Physical Requirements:
Makeup artists must be able to spend most of their day standing and applying makeup to clients’ faces and bodies. Be able to use ventilation pieces and prop fabrication. Be able to analyze the skin, know natural curves and shapes of the face.

Interpersonal Skills and Professionalism:
Makeup artists should be friendly and courteous when dealing with clients. Repeat business is important, particularly for self-employed workers. Self-employed makeup artists generate their own business opportunities and must be proactive in finding new clients.

Intellectual Ability and Emotional Stability to:
Makeup artists who run their own business must understand general business principles. For example, they should be skilled at administrative tasks, such as accounting and personnel management, and be able to manage a business efficiently and profitably.

Environment Requirements:
Makeup artists must keep a neat personal appearance and keep their work area clean and sanitary. This requirement is necessary for the health and safety of their clients, as well as to make the clients comfortable enough to want to return. Makeup artists are exposed to preservatives, metals, solvents, dyes, waxes, and oils that may cause allergic reactions to clients.

The current Job Outlook in the Montgomery County/ Washington Metropolitan area, includes:

- Current wage information varies based on the scope of services; and

- Jobs in this area are generally home-based businesses.
Technical Standards
The primary goal of the Family Childcare Provider Early Childhood Education Program is to adequately prepare students to operate a family childcare facility.

Physical Requirements
Working with children can be physically taxing, so preschool teachers should have a lot of energy.

Interpersonal Skills and Professionalism
Family childcare provider must understand children’s emotional needs and be able to develop good relationships with parents, children, and colleagues.

Intellectual Ability and Emotional Stability to
Working with children can be frustrating, and family childcare providers should be able to respond calmly to overwhelming and difficult situations. Family childcare providers need good communication skills to tell parents and colleagues about students' progress. They need good writing and speaking skills to convey this information effectively. They must also be able to communicate well with small children.

Environment Requirements
Family childcare providers work in their own homes. Providers may work long or unusual hours to fit parents' work schedules. Childcare providers may offer evening and overnight care to meet the needs of families.

Family childcare programs are open year-round, with long hours of operation. The state of Maryland limits the number of children that each family childcare can care for based on the children’s age.

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html)

Pre-requisites:
- To qualify as a lead teacher in an infant & toddler classroom setting, an individual shall be 19 years old or older, hold a high school diploma and/or a certificate of high school equivalence, and one (1) year of experience working under supervision primarily with infants in a licensed child care center, nursery school, church-operated school, or similar setting, or as a registered family child care provider caring for preschoolers or one (1) year of college, or a combination of experience and college that together are equivalent to one (1) Year.
Pre-requisites: (continued)

- To be eligible for the 45-hour course ECH208, Infant and Toddler Development and Curriculum Planning, you must successfully complete the 45-hour course ECH205, Child Growth and Development. Students will be required to take a final examination for each course.

- For employment in an infant & toddler classroom setting, students are also required to complete CPR and First Aid Certification. To maintain licensure, students are required to complete continuing education training hours. The College offers a selection of courses based on the cores of knowledge, child development, curriculum, health, safety and nutrition, special needs, professionalism, and community.

Schedule and registration information can be found at https://www.montgomerycollege.edu/wdce/course-schedule

The current Job Outlook in the Montgomery County/ Washington Metropolitan area, includes:

- Current Median Salary for this career is $31,200/yr.; and

- 6,824 of annual job openings are posted within 50 miles of Rockville, Maryland.
**Technical Standards**
The primary goal of the **Infant and Toddler Teacher Program** is to adequately prepare students to work in a childcare center as lead infant and toddler teachers.

**Physical Requirements**
Working with children can be physically taxing, so preschool teachers should have a lot of energy.

**Interpersonal Skills and Professionalism**
Lead teachers must understand children’s emotional needs and be able to develop good relationships with parents, children, and colleagues.

**Intellectual Ability and Emotional Stability to**
Working with children can be frustrating, and lead teachers should be able to respond calmly to overwhelming and difficult situations. Teachers need good communication skills to tell parents and colleagues about students’ progress. They need good writing and speaking skills to convey this information effectively. They must also be able to communicate well with small children.

**Environment Requirements**
Childcare centers are open year-round, with long hours of operation. Some centers employ full-time and part-time staff with staggered shifts to cover the entire day. The state of Maryland limits the number of children that each family childcare is allowed to care for based on the children’s age.

PRESCHOOL TEACHER

Non-Credit Continuing Education Program Description:
This program will prepare you to become a lead teacher in a preschool setting. You will learn the principles of child growth and development necessary for working in programs that serve children from infancy through age eight. The program also provides the curriculum planning for programs serving children from age three through age five. This program provides the 90 classroom hours needed to become a teacher in programs licensed by the Maryland State Department of Education (MSDE) Division of Early Childhood Licensing. This program includes 99 hours of classroom lecture.

Possible Financial Aid and Payment Options:
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
  Ph: Germantown: (240) 406-5485; PH: Wheaton: (301) 929-6880

Length of Training:
- 99 hours

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College’s Gaithersburg, Business Training Center, Westfield South, Rockville, Takoma Park/ Silver Spring, Germantown, and community engagement center location(s).

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html).

Pre-requisites:
- To qualify as a lead teacher in a preschool setting, an individual shall be 19 years old or older, hold a high school diploma and/or a certificate of high school equivalence, and one (1) year of experience working under supervision primarily with preschoolers in a licensed child care center, nursery school, church-operated school, or similar setting, or as a registered family child care provider caring for preschoolers or one (1) year of college, or a combination of experience and college that together are equivalent to one (1) year.
Pre-requisites: (continued)

- To be eligible for the 45-hour course ECH207, Planning Curricula for Child Care, you must successfully complete the 45-hour course ECH205, Child Growth and Development. Students will be required to take a final examination for each course.

- For employment in a preschool setting, students are also required to complete CPR and First Aid Certification. To maintain licensure, students are required to complete continuing education training hours. CLINICAL MEDICAL ASSISTANT

Non-Credit Continuing Education Program Description:
This program will train you to assist physicians by performing functions related to the clinical responsibilities of a medical office. Instruction includes preparing patients for examination and treatment, routine laboratory procedures, diagnostic testing, technical aspects of phlebotomy, and cardiac life cycle. You will review important topics including phlebotomy, pharmacology, the proper use, and administration of medications, taking and documenting vital signs, cardiology including proper lead placements, professional workplace behavior, ethics, and the legal aspects of healthcare. This program includes 96 hours of classroom lecture (HHS112), plus a 90-hour hands-on lab and clinical externship opportunity (HHS126). **YOU MUST REGISTER FOR BOTH CLASSESTOGHER.**

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
  Ph: Germantown: (240) 406-5485; PH: Wheaton :(301) 929-6880

Length of Training:
- 96 Hours for Clinical Medical Assistant Program and 90 Hours for Clinical Medical Labs and Clinical Externship

Information Sessions/Orientations (if applicable):
You must register for HS112 and HHS126 at the same time.

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html)

Pre-requisites:
There are no prerequisites for course registration. To be eligible for the 90-hour clinical rotation, you must successfully complete the 96-hour course, submit to a thorough background check and drug screening, and meeting other requirements.

Schedule and registration information can be found at
[https://www.montgomerycollege.edu/wdce/course-schedule](https://www.montgomerycollege.edu/wdce/course-schedule)
Course Information: This course is VA-approved for GI Bill benefits.

The current Job Outlook in the Montgomery County/ Washington Metropolitan area, includes:
- Current Median Salary for this career is $37,295; and
- 1,361 of annual job openings are posted within 50 miles of Rockville, Maryland.
**Technical Standards**

All individuals, including persons with disabilities, who wish to participate in the program, must be able to perform specific technical functions with or without reasonable accommodations.

**Visual acuity** sufficient to evaluate patients and their environments the nursing care plans that are developed from such assessments.

Examples of relevant activities:
- Collect data from recording equipment and measurement devices used in patient care
- Detect a fire in a patient area and initiate emergency action

**Hearing ability** sufficient to evaluate patients and their environments

Examples of relevant activities:
- Detect audible alarms within the frequency and volume ranges of the sounds generated by mechanical systems that monitor bodily functions
- Communicate effectively with patients and with other members of the health care team

**Olfactory ability** sufficient to identify patient’s problems.

Examples of relevant activities:
- Detect foul odors of bodily fluids or spoiled foods
- Detect smoke from burning materials

**Tactile ability** sufficient to identify patient’s problems.

Examples of relevant activities:
- Detect changes in skin temperature
- Detect unsafe temperature levels in heat-producing devices used in patient care
- Palpate pulses

**Strength and mobility** sufficient to perform patient care activities and emergency procedures.

Examples of relevant activities:
- Safely transfer patients in and out of bed
- Safely ambulate patients
- Turn and position patients as needed to prevent complications due to bed rest
- Perform cardiopulmonary resuscitation
**Technical Standards**

**Fine motor skills** sufficient to perform psychomotor skills integral to patient care. Examples of relevant activities:
- Manipulate small equipment and container

**Physical endurance** sufficient to complete assigned periods of clinical practice

**Ability to communicate** sufficiently to teach others, explains procedures, interact effectively with others, and convey information in writing. Examples of relevant activities:
- Ability to speak, comprehend, read, and write English at a level that meets the need for accurate, clear, and effective communication.
- Ability to read, interpret, and communicate relevant data

**Emotional stability** to function effectively under stress and emergency situations, to adapt to changing situations, and to follow through on assigned patient care responsibilities and to withstand human suffering.

**Cognitive ability** to collect information and knowledge to promote positive patient outcomes. Examples of relevant activities:
- Ability to prioritize tasks to meet patient needs
- Ability to use long-term and short-term memory to provide safe, effective nursing care

CERTIFIED NURSING ASSISTANT

Non-Credit Continuing Education Program Description:
Through lecture, discussion, and hands-on practice, you will learn basic nursing skills such as taking vital signs, assuring patient safety, and caring for patients with Alzheimer’s disease and related disorders. After successful completion of the classroom and clinical portions you will receive an attendance award from Montgomery College. You may then apply to take the Geriatric Nursing Assistant Licensing examination.

This program includes 88 hours of classroom lecture & lab practice (AHT028), plus a 60-hour hands-on clinical opportunity (AHT223). **YOU MUST REGISTER FOR BOTH CLASSES TOGETHER**

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
  Ph: Germantown: (240) 406-5485; PH: Wheaton :(301) 929-6880

Length of Training:
- 88 Hours for Nursing Assistant Classroom and 60 Hours for Nursing Assistant Clinical.

Information Sessions/Orientations (if applicable):
You must attend the free orientation session which includes a mandatory reading and math test. You must obtain at least 80% on each test in order to register. After successfully passing both tests, you will receive a signed authorized registration form. You must register for AHT028 and AHT223 at the same time.

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html).

Pre-requisites:
- You must attend the free orientation session which includes a mandatory reading and math test. You must obtain at least 80% on each test in order to register.
- You must be 18 years of age and have a social security number or have a tax identification number.
- A physical examination by your Health care provider.
- Up to date immunizations (MMR, Varicella, Hep B, TDap, Influenza).
Pre-requisites: (continued)
- CPR Heath Provider certification before the start of midterm.
- A negative TB skin test (PPD) or chest x-ray.
- A criminal background check and fingerprinting will be arranged by your instructor after the class begins.
- Must carry health insurance during the duration of your clinical practicum.

Schedule and registration information can be found at https://www.montgomerycollege.edu/wdce/course-schedule

DIALYSIS TECHNICIAN

Non-Credit Continuing Education Program Description:
This program will provide you with the knowledge and skills required to work as a dialysis technician. Under the supervision of physicians and registered nurses, dialysis technicians operate kidney dialysis machines, prepare dialyzer reprocessing and delivery systems, and maintain and repair equipment. Technicians work with patients during dialysis procedures, monitor and record vital signs and administer local anesthetics and drugs as needed. They also assess patients for any complications that occur during the procedure and must be ready to take necessary emergency measures like administering oxygen or performing basic CPR. NOTE – this program does not include a national or state certification as part of its overall objectives. Additionally, there is no student internship or clinical rotation offered as part of this program.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)

EKG TECHNICIAN PROGRAM

Non-Credit Continuing Education Program Description:
This program will provide you with the knowledge and skills required to take the Electrocardiograph (EKG) Technician exam offered by the American Society of Phlebotomy Technicians (ASPT). EKG technicians work in physician offices, hospitals, clinics, and other health care facilities, and are responsible for performing electrocardiogram tests to monitor for record electrical impulses transmitted by the heart. This course includes background information on anatomy and physiology of the heart, medical disease processes, medical terminology, medical ethics, and legal aspects of patient contact. You will learn the function and proper use of the EKG machine and the Holter Monitor and demonstrate lead placement for a 12-lead electrocardiogram. You will compare normal and abnormal EKG printed readings and measure various “peaks and troughs.”

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship

The current Job Outlook in the Montgomery County/ Washington Metropolitan area, includes:

- Current Median Salary for this career is $30,279; and

- 698 of annual job openings are posted within 50 miles of Rockville, Maryland
Technical Standards
All individuals, including persons with disabilities, who wish to participate in the program, must be able to perform specific technical functions with or without reasonable accommodations.

Visual acuity sufficient to evaluate patients and their environments the nursing care plans that are developed from such assessments.
Examples of relevant activities:
- Collect data from recording equipment and measurement devices used in patient care
- Detect a fire in a patient area and initiate emergency action

Hearing ability sufficient to evaluate patients and their environments Examples of relevant activities:
- Detect audible alarms within the frequency and volume ranges of the sounds generated by mechanical systems that monitor bodily functions
- Communicate effectively with patients and with other members of the health care team

Olfactory ability sufficient to identify patient’s problems. Examples of relevant activities:
- Detect foul odors of bodily fluids or spoiled foods
- Detect smoke from burning materials

Tactile ability sufficient to identify patient’s problems. Examples of relevant activities:
- Detect changes in skin temperature
- Detect unsafe temperature levels in heat-producing devices used in patient care
- Palpate pulses

Strength and mobility sufficient to perform patient care activities and emergency procedures
Examples of relevant activities:
- Safely transfer patients in and out of bed
- Safely ambulate patients
- Turn and position patients as needed to prevent complications due to bed rest
- Perform cardiopulmonary resuscitation
Technical Standards

**Fine motor skills** sufficient to perform psychomotor skills integral to patient care.
Examples of relevant activities:
- Manipulate small equipment and container

**Physical endurance** sufficient to complete assigned periods of clinical practice

**Ability to communicate** sufficiently to teach others, explains procedures, interact effectively with others, and convey information in writing.
Examples of relevant activities:
- Ability to speak, comprehend, read, and write English at a level that meets the need for accurate, clear, and effective communication.
- Ability to read, interpret, and communicate relevant data

**Emotional stability** to function effectively under stress and emergency situations, to adapt to changing situations, and to follow through on assigned patient care responsibilities and to withstand human suffering.

**Cognitive ability** to collect information and knowledge to promote positive patient outcomes.
Examples of relevant activities:
- Ability to prioritize tasks to meet patient needs
- Ability to use long-term and short-term memory to provide safe, effective nursing care

PHLEBOTOMY TECHNICIAN

Non-Credit Continuing Education Program Description:
Classroom work includes medical terminology, anatomy and physiology review, blood collection procedures, specimen collection practice, and specimen processing and handling. Laboratory operations are reviewed including safety, quality control, universal precautions, routine laboratory tests, confidentiality, and ethics. This class must be taken with Phlebotomy Technician Clinical Internship (HHS115). You must register for both courses at the same time. The Clinical Internship includes a 40-hour clinical opportunity at a local healthcare provider. In addition to other requirements, to be eligible for this internship you must have completed or currently be enrolled in Montgomery College’s 90- Hour Phlebotomy Technician program. Additionally, you must submit to a thorough background check and meet other requirements. These costs are not included in the tuition and fees for this class. Special requirements Hepatitis B immunization, negative tuberculosis test, and blood test to check immunity status; Varicella Zoster IgGAb; Rubella IgG; Rubeola IgGAb; and Mumps IgGAb. Information concerning these requirements will be provided the first night of class.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery [website]
  Ph: Germantown: (240) 406-5485; PH: Wheaton :(301) 929-6880

Length of Training:
- Classroom - 90 Hours and Clinical – 40 Hours.

Information Sessions/Orientations (if applicable): None.

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [website]

Pre-requisites:
- To be eligible for the clinical internship, you must have completed or currently be enrolled in Montgomery College’s 90-Hour Phlebotomy Technician program.
- You must register for HHS034 and HHS115 at the same time. You will be in class two nights a week, as well as in daytime clinical for one 40-hour week, Monday- Friday as part of the clinical internship. Additionally, you must submit to a thorough background check and meet other requirements. Special requirements include Hepatitis B immunization, negative tuberculosis test, and blood test to check immunity status; Varicella Zoster IgGAb; Rubella IgG; Rubeola IgGAb; and Mumps IgGAb. Information concerning these requirements will be provided the first night of class.
Schedule and registration information can be found at https://www.montgomerycollege.edu/wdce/course-schedule

The current Job Outlook in the Montgomery County/ Washington Metropolitan area, includes:
- Current Median Salary for this career is $39,746; and
- 634 of annual job openings are posted within 50 miles of Rockville, Maryland
Technical Standards
All individuals, including persons with disabilities, who wish to participate in the program, must be able to perform specific technical functions with or without reasonable accommodations.

Visual acuity sufficient to evaluate patients and their environments the nursing care plans that are developed from such assessments.
Examples of relevant activities:
- Collect data from recording equipment and measurement devices used in patient care
- Detect a fire in a patient area and initiate emergency action

Hearing ability sufficient to evaluate patients and their environments
Examples of relevant activities:
- Detect audible alarms within the frequency and volume ranges of the sounds generated by mechanical systems that monitor bodily functions
- Communicate effectively with patients and with other members of the health care team

Olfactory ability sufficient to identify patient’s problems.
Examples of relevant activities:
- Detect foul odors of bodily fluids or spoiled foods
- Detect smoke from burning materials

Tactile ability sufficient to identify patient’s problems.
Examples of relevant activities:
- Detect changes in skin temperature
- Detect unsafe temperature levels in heat-producing devices used in patient care
- Palpate pulses

Strength and mobility sufficient to perform patient care activities and emergency procedures
Examples of relevant activities:
- Safely transfer patients in and out of bed
- Safely ambulate patients
- Turn and position patients as needed to prevent complications due to bed rest
- Perform cardiopulmonary resuscitation
Technical Standards

Fine motor skills sufficient to perform psychomotor skills integral to patient care. Examples of relevant activities:
  - Manipulate small equipment and container

Physical endurance sufficient to complete assigned periods of clinical practice

Ability to communicate sufficiently to teach others, explains procedures, interact effectively with others, and convey information in writing. Examples of relevant activities:
  - Ability to speak, comprehend, read, and write English at a level that meets the need for accurate, clear, and effective communication.
  - Ability to read, interpret, and communicate relevant data

Emotional stability to function effectively under stress and emergency situations, to adapt to changing situations, and to follow through on assigned patient care responsibilities and to withstand human suffering.

Cognitive ability to collect information and knowledge to promote positive patient outcomes. Examples of relevant activities:
  - Ability to prioritize tasks to meet patient needs
  - Ability to use long-term and short-term memory to provide safe, effective nursing care

INCOME TAX PREPARATION

Non-Credit Continuing Education Program Description:
This program will train you to prepare individual tax returns filed with the Internal Revenue Service including forms 1040EZ, 1040A, basic itemized returns and more complicated long forms. Instruction will prepare students to sit for the Maryland Board of Individual Tax Preparers exam. Successful completion of the exam will qualify students for registration as an individual tax preparer in Maryland. This program includes 54 hours of classroom lecture.

Possible Financial Aid and Payment Options:
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery http://worksourcemontgomery.com:
  Ph: Germantown: (240) 406-5485; PH: Wheaton :(301) 929-6880

Length of Training:
- 54 Hours

Typical Location of Courses:
The course to complete this program is typically held at Montgomery College’s Rockville Campus, Takoma Park/Silver Spring Campus or Gaithersburg Business Training Center location(s).

Information Sessions/Orientations (if applicable): N/A

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html.

Pre-requisites:
- There are no prerequisites for course registration. Students interested in becoming registered individual tax preparers in Maryland must have a valid Preparer Tax Identification Number (PTIN) from the Internal Revenue Service. Find out more about the IRS-PTIN. https://www.irs.gov/tax-professionals/ptin-requirements-for-tax-return-preparers;
- To remain active in the industry, individual tax preparers are required to complete continuing professional education. The College offers TAX006 Maryland Individual Tax Preparer Continuing Education to meet the requirement. The course content also covers the topics required for the voluntary IRS annual filing season program. Montgomery College is an IRS approved continuing education provider.
Pre-requisites (continued)

- The College offers TAX002 Individual Tax Preparer Exam Test Prep for experienced individual tax preparers who need to pass the Maryland Board of Individual Tax Preparers exam. Students enrolled in the TAX002 and TAX006 courses are expected to be familiar with the industry and only require an update on current tax year forms.

Schedule and registration information can be found at: https://www.montgomerycollege.edu/wdce/course-schedule

NONCREDIT ONLINE COURSES

ONLINE COURSES FOR CAREER DEVELOPMENT

Non-Credit Online Courses Program Description:

Workforce Development & Continuing Education offer a wide variety of noncredit online courses from Ed2Go, UGotClass, and University Short Courses. Don’t have time to come to campus? Online classes may be the solution. There are hundreds of classes available monthly. These noncredit online classes are instructor led, available 24/7, and are totally online.

Available classes and programs include

- Accounting and Finance
- Business and Management Skills
- Career Exploration
- Career and Communications Skills
- Computer Applications
- Explore a Career Series of classes
- Human Resources
- Social Media for Business
- Teacher Training and Education
- Test Preparation
- Technology

Additional programs and classes may become available throughout the year. Please visit http://www.montgomerycollege.edu/wdce/noncredit-online-courses for more information.

Possible Financial Aid and Payment Options:

- Continuing Education Career Path Scholarship.
- Employer / Sponsor Paid Tuition.

Length of Training:

- Most Ed2Go Courses run for six weeks for 24 classroom hours
- Most UGotClass Courses run for four weeks for about 16+ classroom hours, plus discussion board interaction with Instructor and classmates.
- Most University Short Courses run for about four weeks and 40 classroom hours
- Optional one-week extension available upon request.
Application / Enrollment Process:

- Students should visit: [http://www.montgomerycollege.edu/wdce/noncredit-online-courses](http://www.montgomerycollege.edu/wdce/noncredit-online-courses) and click on the course link for any of the three vendors to find a course.
- Follow the instructions to enroll in the desired course and fill out the Online Montgomery College Registration / Payment form.
- For Ed2Go students, during the enrollment process they will create a username and password, which will enable them to access the Classroom.
- For UGotClass students and University Short Courses, they will be issued a username and key code via email one week before the start of the class, which will enable them to access the Classroom.
- Students paying by check or Employer Voucher need to follow instructions for alternate payment options on the web page: [http://www.montgomerycollege.edu/wdce/noncredit-online-courses](http://www.montgomerycollege.edu/wdce/noncredit-online-courses)

Pre-requisites:
In general, there are no pre-requisites, although some advanced level courses assume a certain skill level of prior knowledge prior to taking the classes.

Course Information:

- Course Descriptions, Course Outlines, course dates, and Instructor Biographies are available online.
- Classes are online, available 24/7, instructor led, with a discussion board for questions and comments from classmates and instructors.
- For Ed2Go Classes visit: [http://www.ed2go.com/mcdistance/](http://www.ed2go.com/mcdistance/)
- There are 12 lessons, two per week, quizzes, and a final exam
- For UGotClass courses visit: [http://yougotclass.org/catalog-complete.cfm/montgomerycollege](http://yougotclass.org/catalog-complete.cfm/montgomerycollege)
- There are four weeks of lessons released at the beginning of the course with examinations after each week.
- For University Short Courses visit: [http://www.montgomerycollege.edu/wdce/noncredit-online-courses](http://www.montgomerycollege.edu/wdce/noncredit-online-courses)
- There are three units to the course. Students must pass each unit with an 80% or better in order to be able to advance to the next unit or the final exam.
- Schedules and pricing for online courses vary; see web pages for details and schedules.
**Additional Expenses:**
There are just a few classes in which students need to have access to, or purchase a reference book, for example the Medical Coding CPT and ICD-10-CM Manuals.

**Skills for Success:**
Online classes are convenient; however, they require a certain amount of self-discipline to be able to set aside classroom and study time to take the class and pass the examinations.

**Successful Completion:**
*Students successfully completing the examination will receive a Noncredit Certification of Completion*

- Students will have access to a Continuing Education Academic record.
- Successful completion of designated course series may qualify for a Noncredit Certificate; and these classes will appear on your Montgomery College transcript.

HOME INSPECTOR PRE-LICENSE & CONT. EDUCATION

Non-Credit Continuing Education Program Description:
Home inspectors conduct inspections of newly built or previously owned homes, condominiums, townhomes, manufactured homes, apartments and, at times, commercial buildings. They inspect a home’s systems, components, and structure. Although they look for and report violations of building codes, they do not have the power to enforce compliance with the codes. In addition to examining structural quality, home inspectors inspect all home systems and features, including roofing, house exterior, attached garage or carport, foundation, interior, plumbing, and electrical, heating, and cooling systems. This program fulfills the educational requirements for the Maryland Home Inspector license, which is one-step in achieving a Maryland Home Inspector license. Topics include structural and internal systems; professional standards for home inspectors, Maryland minimum Standards of Practice and Maryland Code of Ethics, and inspection report writing.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery [http://worksourcemontgomery.com]
  Ph: Germantown: (240) 406-5485; PH: Wheaton :(301) 929-6880

Length of Training:
- 72 hours. Courses offered in the fall, spring, and summer

Typical Location of Courses:
The courses to complete this course are held at Montgomery College’s Rockville location.

Information Sessions/Orientations (if applicable): None at the moment

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html).

Pre-requisites:
- High School Diploma or GED
- This program fulfills the educational requirements for the Maryland Home Inspector license. Additional state requirements for obtaining the Home Inspector’s License can be found on the State of Maryland Department of Labor, Licensing and Regulation website: [https://www.dllr.state.md.us/license/reahi/](https://www.dllr.state.md.us/license/reahi/)

Schedule and registration information can be found at [https://www.montgomerycollege.edu/wdce/course-schedule](https://www.montgomerycollege.edu/wdce/course-schedule)

REAL ESTATE APPRAISER

Non-Credit Continuing Education Program Description:
This program will prepare students to sit for the Maryland Licensed Appraiser exam. Appraisers assess residential real estate property for its current fair market value. In order to appraise the property, the appraiser must go to the real estate site and take pictures and measurements of the land and/or residence. A search of local real estate records is done to establish a price comparison of like properties, and a computerized report on the findings is written up for the customer and lender.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery [http://worksourcemontgomery.com]:
  Ph: Germantown: (240) 406-5485; Ph: Wheaton :(301) 929-6880

Length of Training:
- 6 months for the course series, plus a minimum of 2 years' apprenticeship. Courses only offered in the spring.

Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College's Germantown Campus location(s).

Information Sessions/Orientations (if applicable): None at the moment

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html)

Pre-requisites:
- High School Diploma or GED

Schedule and registration information can be found at [https://www.montgomerycollege.edu/wdce/course-schedule](https://www.montgomerycollege.edu/wdce/course-schedule)
Course Information: Attendance is mandatory. Students must pass a final exam in each of the seven courses in the table on the following page.

*Tuition & Fees are subject to change

Skills for Success: Successful candidates need strong analytical, math, listening, communication and writing skills; ability to work both independently and within groups.

Successful Completion:
- Students will be prepared to begin their required apprenticeship hours and, when completed, take the licensing exam to become a Maryland Licensed Appraiser.
- Students will be awarded a Montgomery College Continuing Education Certificate for each course.
- Students may apply for Appraisal Training license exam after completing 75 hours of education (REC 175, 176, 069.) To apply for the Licensed Real Estate Appraiser exam, students must complete 150 hours of education and 2000 hours of appraisal apprenticeship hours.
- Students will have access to a Continuing Education academic record (transcript.)

Certifying Professional Association: Maryland Commission of Real Estate Appraisers, Appraisal Management and Home Inspectors, https://www.dllr.state.md.us/license/reahi/

REAL ESTATE SALESPERSON

Non-Credit Continuing Education Program Description:
This course will prepare students to sit for the Maryland Licensed Real Estate Salesperson exam. Real Estate Salespersons (or agents) act as intermediaries in negotiations between buyers and sellers of real estate property; typically representing one of the parties. They advise clients on market conditions, process, and all matters related to real estate transactions. They market properties, prepare documents, show properties, and coordinate closing activities.

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)

Length of Training:
- 60 hours. 3 weeks to 8 weeks, depending on schedule option. Courses offered in the summer, fall, and spring.

Typical Location of Courses:
The courses to complete this course are held at Montgomery College’s Rockville, Takoma Park/Silver Spring, Westfield, and Gaithersburg locations.

Information Sessions/Orientations (if applicable): None at the moment

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: [https://www.montgomerycollege.edu/wdce/registerops.html](https://www.montgomerycollege.edu/wdce/registerops.html)

Pre-requisites:
- High School Diploma or GED

Schedule and registration information can be found at [https://www.montgomerycollege.edu/wdce/course-schedule](https://www.montgomerycollege.edu/wdce/course-schedule)
Course Information: Attendance is mandatory.

Students must pass 2 exams at end of course, with a score of 70% or better on each exam, in order to be eligible to test with PSI.

TESOL Training Institute

TEACHER OF ENGLISH TO STUDENTS OF OTHER LANGUAGES (TESOL)

Non-Credit Continuing Education Program Description:
The purpose of the TESOL Certificate program is to provide a high-quality innovative educational experience that will enable you, in a supportive and challenging environment, to become a highly competent instructor of adult ESOL. Bringing together a community of lifelong learners who aspire to the highest standards of instructional excellence, the program seeks to support a career pathway to instructional leadership, service, and success at English language programs at nonprofits, businesses, and overseas organizations. The program will provide you with structured opportunities to obtain:

1. Theoretical and practical training in TESOL.
2. An understanding of the principles of linguistics and language pedagogy that underpin quality instruction.
3. Practical training that includes the requirement in each class for participants to engage in classroom observations and/or volunteer or professional teaching.

The program provides 200 hours of in-classroom instruction (TED 001, 002, 003, 004, 005)

Possible Financial Aid and Payment Options:
- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Division of Rehabilitation Services (DORS)
- Worksource Montgomery http://worksourcemontgomery.com:
  Ph: Germantown: (240) 406-5485; PH: Wheaton:(301) 929-6880
- Montgomery Coalition for Adult English Literacy www.mcael.org

Length of Training:
- Each course is 40 hours and to obtain the Certificate of Completion, students must complete a minimum of 4 courses, totaling 160 hours.

Information Sessions/Orientations (if applicable):
It is advisable that interested parties attend an information session. Dates and times vary and can be found at https://www.montgomerycollege.edu/workforce-development-continuing-education/english-language-skills/tesol/index.html

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to: https://www.montgomerycollege.edu/wdce/registerops.html
Typical Location of Courses:
The courses to complete this program are typically held at Montgomery College's Westfield South location.

Pre-requisites:

- To be eligible for the program, you must have a bachelor’s degree from an accredited institution in the US. If you are a nonnative speaker of English, who does not possess a bachelor’s degree from the U.S., you must show successful completion of the TOEFL test, with a score of 575, higher on the paper-based test, 90, or higher on the computer-based test.
- We ask that you have a deep commitment to providing quality instruction for ESOL learners and a significant willingness and preparedness to engage in challenging academic work.

The current Job Outlook in the Montgomery County/ Washington Metropolitan area, includes:

- Current Median Salary for this career is $58,693; and

- 212 annual job openings are posted within 50 miles of Rockville, Maryland.
**Technical Standards**
The primary goal of the **TESOL Training Institute** is to adequately prepare learners to become highly competent instructors of adult ESOL who will significantly contribute to the highest standard of language teaching and teacher training in the field, by providing first-class innovative educational instruction in a supportive and challenging environment.

**Physical Requirements:**
Sufficient strength and mobility to be able to stand for long periods of time while teaching; ability to be able to communicate orally with learners

**Interpersonal Skills and Professionalism:**
Have the ability to provide motivation for language learning and improved communication; set expectations and establish standards for learners; observe, listen, evaluate and offer feedback; recognize the importance of communicating clearly with learners; frame the approach to instruction clearly and respectfully; acknowledge the progress of learners; recognize and appreciate all aspects of multiculturalism

**Intellectual Ability and Emotional Stability to:**
Exercise independent judgment and accept responsibility for the education of learners who speak many different languages and represent many different cultures. Instructors must be able to interact with learners, peers, and supervisors in a courteous, professional, and respectful manner. They must be able to display flexibility and adaptability to changing classroom environments and be able to deliver instruction through a variety of modalities including, but not limited to, whole class, small group, pair work and individual study. Adult ESOL Instructors should also be able to contribute to collaborative, constructive learning environments; accept constructive feedback from learners, peers and supervisors and take personal responsibility for making appropriate positive changes to instruction or instructional methods.

**Environment Requirements:**
Being exposed to fluorescent lights in a classroom setting; possible exposure to toxic fumes from dry erase markers and/or chalk dust; possible classroom setting with minimal windows and minimal outside light; possible unfavorable room temperature.

TRANSPORTATION SAFETY INSTITUTE

CDL-B COMMERCIAL DRIVER LICENSE-CLASS B

Non-Credit Continuing Education Program Description:
This program will train you to become a commercial vehicle operator of buses and other large passenger vehicles. This course is designed to teach the skills necessary to be a safe and efficient operator, attractive and sustainable to employers, and operate a Class B vehicle in a manner required to pass the MVA Commercial Drivers Licensure B examination. You will participate in assessments and practice testing to prepare for passing; test transport is available at an additional cost.

Students receive classroom, range and road instruction and are taught and tested on pre-trip inspection (exterior and interior), backing, parking, turning, acceleration, controlling vehicle motion and much more! Prerequisites: CDL Learner Permit with airbrake, passenger and school bus endorsements, U.S. DOT card, ability to successfully pass a drug and alcohol screening, valid and very good driving record, positive attitude towards the learning process and willingness to exercise teamwork. Successful students will obtain a CDL B license with Passenger Endorsement & School Endorsements demonstrating licensure and skills to operate a transit bus, school bus, motor coach, dump truck and delivery truck.

Possible Financial Aid and Payment Options:

- Continuing Education Career Path Scholarship
- Tuition Waiver for Senior Citizens and Individuals with Disabilities
- Employer/Sponsor Paid Tuition
- Transportation & Logistics Grant Division of Rehabilitation Services (DORS)
- Worksource Montgomery http://worksourcemontgomery.com:
  Ph: Germantown: (240) 406-5485; PH: Wheaton : (301) 929-6880

Length of Training:

- CDL-B: 4 weeks; 70 Hours

Information Sessions/Orientations (if applicable):
Call for dates. Contact: Sharon.maxwell@montgomerycollege.edu - Phone: 240-567-2589

Registration Process:
Some classes require attendance at the Information/Testing session prior to registration. Open enrollment registration can be by web, mail, fax, or walk-in visits. For specific instructions, go to:
https://www.montgomerycollege.edu/wdce/registerops.html.
Typical Location of Courses:
Courses start monthly at Montgomery College Vehicle Training Center located at:
14 Firstfield Road, Gaithersburg, MD 20878

Pre-requisites:
- Class-C Driver License
- CDL Class-B Learner Permit* with Airbrake, P (Passenger) & S (School Bus) Endorsements
- DOT (Department of Transportation) Medical Card
- Driving Record
- High School Diploma or GED (MOVE students only)
- Student must pass a drug and alcohol screen coordinated by the program within two weeks of course start.

Schedule and registration information can be found at https://www.montgomerycollege.edu/wdce/course-schedule

1. Department of Transportation (DOT) Physical: $60-100 (required to take Learner’s Permit exam).
2. Motor Vehicle Administration CDL Exam with airbrake, passenger, and school bus endorsements: $90 upon successful completion of all 3 exams; and
3. Motor Vehicle Administration MD Driving Record: $12
Skills for Success:
See Technical Standards at the end of this document.

Successful Completion:
Upon successful completion of this course, you would be eligible to:

- to test for the Maryland Commercial Driver License, Class B with Passenger and School bus endorsements.
- Students will be awarded a Montgomery College Workforce Development and Continuing Education Certificate of Completion with recognition of practice in Defensive Driving, Distracted Driving and Health & Wellness.
- Students will have access to a Continuing Education academic record (transcript).

Certifying Professional Association: none

For Additional Career Opportunities and Information, please visit:

- For related Montgomery College Credit and Non-Credit Programs, visit Montgomery College Industry Certification Licensure Preparation Programs at: https://www.montgomerycollege.edu/wdce/job-skills/; and

- Student careers and employer services by logging onto Ejobs and registering at https://www.montgomerycollege.edu/life-at-mc/student-career-and-employment-services/#ejobs

The current Job Outlook in the Montgomery County/Washington Metropolitan area, includes:

- Current Median Salary for this career is $38,902; and

- 2,376 of annual job openings are posted within 50 miles of Rockville, Maryland
Technical Standards
The primary goal of the CDL Program is to adequately prepare students to competently and confidently perform the safe and successful operation of a commercial class B bus or truck.

Physical Requirements:
Sufficient strength and mobility to load and unload trucks (sometimes a driver may lift a heavy load or unload as much as 50,000 lbs. of freight; inspect the operating condition of truck or bus before, during and after delivery of cargo; lift, install, and remove vehicle equipment; and assist passengers of various weights and abilities.

The above tasks demand agility, the ability to bend and stoop the ability to maintain a crouching position to inspect the underside of the vehicle, and frequent entering and exiting of the vehicle.

Interpersonal Skills and Professionalism:
Have the ability to overcome several factors to maintain satisfactory performance in customer service, communication and driving, such as: abrupt schedule changes and rotating work schedules, which may result in irregular sleep patterns and a driver beginning a trip in a fatigued condition; long hours; extended time away from family and friends, which may result in lack of social support; tight pickup and delivery schedules, with irregularity in work, rest, and eating patterns, adverse road, weather and traffic conditions, which may cause delays and lead to hurriedly loading or unloading cargo in order to compensate for the lost time and transporting passengers or hazardous materials may add to the demands on the commercial driver.

Intellectual Ability and Emotional Stability to:
Exercise independent judgment and use perceptual skills to monitor a sometimes- complex driving situation and the judgment skills to make quick decisions. Additionally, the operator must have the manipulative skills to control an oversize steering wheel, shift gears using a manual transmission and maneuver a vehicle in crowded areas.

Environment Requirements:
Being exposed to environmental conditions such as excessive vibration, noise, and extremes in temperature
