So You Want to Fly an Airplane?

Get an exciting introductory experience with your feet on the ground. Whether looking for a hobby or looking for a job, find out what it takes to become a Federal Aviation Administration (FAA) certified Private Pilot.

This 5 hour introduction to Aviation course includes topics such as:
- Requirements for licensing
- History of aviation
- Basic principles of flight
- Maintenance guidelines
- Air traffic control communications
- Choosing a flight school
- Cost estimations, and much more.

Upon completion of the classroom portion, students will transport themselves to Positive Attitude Aviation at Davis Airport at 7200 Hawkins Creamery Road, Gaithersburg for a two-hour (feet on the ground) tour including:
- The cockpit
- The airport
- The runway
- A review of preflight checklists and much more!

Come join us for the exciting educational opportunity
