Who We Are

Workforce Development and Continuing Education (WDCE)?

The Workforce Development and Continuing Education (WDCE) programs at Montgomery College provide a wide range of noncredit and credit educational offerings and services designed to meet the needs of county residents and businesses. Individuals in career transitions, those reentering the workforce, and those maintaining current technical skills, as well as those seeking lifelong education enrichment experiences, are among the 25,000 students each year. High-quality noncredit courses are available in numerous program areas including information technology, small business and management, technical training, certification and licensure preparation, financial planning, real estate, early childhood education, health sciences, professional development, writing, English as a Second Language, human resources, supervision, and more. Special programs are available for older adults, adults with developmental disabilities, and Spanish speakers. Course offerings change continuously to reflect the ever-changing needs of the businesses and communities we serve. As you peruse the programs and services in this publication, we’re sure you’ll find a wide variety of offerings suited to you.

In addition to classes for individuals, we contract with many businesses and government agencies to provide customized training for their employees. These classes are held at places of employment or can be offered at WDCE sites throughout the county.

About Our Students

When you enroll in one of our Workforce Development and Continuing Education courses, you will be joining more than 25,000 people who have attended our programs during the past year. These people come from diverse backgrounds but have one thing in common: the desire to learn new things. Although the median age of our students is 40, many of our students are young or older adults. Students come from all corners of the community, regardless of age and educational experience.

About Our Faculty

Our faculty are carefully screened professionals with expertise in their fields. Some are drawn from the College’s credit faculty. Instructors are hand-picked for their teaching skills, professional knowledge, and talent, ensuring our reputation as a provider of high-quality courses.

Where to Find Us

Classes are held on the Germantown, Rockville, or Takoma Park/Silver Spring Campuses at Montgomery College and two satellite Campuses—Westfield South in Wheaton and the Gaithersburg Business Training Center in Olde Towne Gaithersburg. Additional off-campus locations have been selected for convenience, amenities, and suitability for instruction. Classes meet at more than 40 locations countywide, including on site at places of employment.

Open to All

Montgomery College is committed to equal employment opportunity that assures access, equity, and diversity. Further, the College is committed to providing an environment in which all persons are provided the opportunity for employment, participation in academic programs, and/or other college activities free from discrimination, any form of harassment as prohibited by federal regulations and state law, and sexual assault.

National Recognition

Montgomery College Workforce Development and Continuing Education is certified by the Learning Resources Network (LERN), an international association in lifelong learning. LERN has rated our Workforce Development and Continuing Education unit as one of the leading providers of continuing education programs in North America.

What’s Happening

Winter/Spring 2021

Visited our website often for up-to-date course information.

Most Winter/Spring 2021 classes will be held online through Distance Learning or Structured Remote teaching for the entire semester. Decisions to move into future phases will depend on state and county guidelines. See full details of the plan and the phases, including resources for students, employees, and the community, at MC Resilient: www.montgomerycollege.edu/resilient-mc/index.html.

Distance Learning (DL) are offered completely online and allow students to learn independently, on their own schedules, as they meet specific deadlines and complete assignments. Instructors guide students’ learning with lessons, activities, and feedback through a Blackboard course site.

Structured Remote (SR) are scheduled on specific days and at specific times. Students meet as a class remotely through Zoom or Blackboard Collaborate; instructors will tell students which software to use. Students complete reading and assignments according to the course schedule. Class sessions take place in real time, and the instructor leads course sessions.

Hybrid (face to face & DL or SR) are listed in the course schedule with specific times and locations. Some meetings will happen online via structured remote or distance learning along with some on-campus meetings. Note: on campus meetings will be reevaluated closer to spring break.

Course in Building Trades, Health Sciences, and Workforce Technologies may meet on campus. Safety measures will be in place to protect students and employees. If you are required to come to campus, follow the Health and Safety Guidance found on the web at: https://www.montgomerycollege.edu/coronavirus/return-to-campus-health-safety.html.

More information on instruction types can be found on the web at https://www.montgomerycollege.edu/coronavirus/student-guidance.html#instruction.

APPE (ESL) offers many courses for students whose first language is not English. Courses include instruction in reading, writing, speaking, listening, grammar, pronunciation, and vocabulary. Beginning through advanced levels are available.

How to Register for APPE/ESL Classes

Spring 2021—Special Instructions

All classes this spring will be taught remotely through Zoom, Blackboard and other online tools.

Students must have a reliable internet service and a computer or mobile device from which they can access Zoom and other websites and send and receive documents (email). Until further notice, students will need to register and pay online. You must register and pay online at least one week before the class starts. Please go to our webpage for more detailed registration information or call Customer Service at 240-567-5188 for help. After your course begins, you may be moved to a different class if your teacher finds you are in the wrong level.

When you register, make sure to pay or you will be dropped within 24 hours. If you are dropped, you will lose your place in class, and the class may be filled when you try to register again.

Our Contact Information:

- E-mail: ESL-Rockville@montgomerycollege.edu
- Phone: 240-549-2691
- Text message: 833-935-1929
- Our webpage: www.montgomerycollege.edu/wdce/esl

- Customer Service—for help with registering: 240-567-5188
- Monday to Friday: 8:30 a.m.-5 p.m.
- Saturday: 8:30 a.m. to noon

New Students

If you wish to take classes this spring, you must take the APPE Online Assessment Test or the Montgomery College Remote Placement Test. The APPE Online Assessment Test is done by appointment only. It consists of an oral interview and a timed writing test. The test takes about one hour. To make an appointment for the test, you can call, email or text us (see contact information above).

Returning Students

You can register online based on the recommendations from your instructor at the end of your last class. If you took this class more than one year ago, you need to contact us to see if you need to be retested. You can only take a course three times. If you do not pass with a grade of A or B after three times, you cannot take it again without special permission. Please contact us if you have a question or need help with registering (see contact information above).

Degree-Seeking Students

If you took the Accuplacer-ESL (or the Montgomery College ESL Remote Placement test) and placed into Workforce Development & Continuing Education, call 240-549-2691 or email us at ESL-Rockville@montgomerycollege.edu. If you already have a Placement, you can register online— you do not need to contact us, but you can if you have a question. If you need help registering, please call us at 240-567-5188. If you are interested in the credit program, call 240-567-5000 for more information.

Disability Services

If you need support services due to a disability in order to take this test or take a class, you must contact Natalie Martinez at 240-567-4118. This must be done at least three weeks before the test date (or the class start date) in order to ensure timely services.

Drawing

Children’s Book Illustration
Have you ever wondered what it takes to illustrate a children’s book? In this course, students learn about visual storytelling, the layout and design of children’s books, and the process of conceptualizing a picture book from start to finish. Students will choose a story to work with, create a storyboard, and work on a book dummy. We will look at examples, discuss composition, drawing and painting methods, and how to pitch to publishers or self-publish. Note: though you will be drawing, this is not a drawing class. The focus is on illustrating a story, as opposed to drawing an illustration. TWA

Acrylic Painting: Introduction
Explore the amazing medium of acrylic paints! Acrylic is the dominant painting medium of the 20th century, used by artists like Rothko, Warhol, and Hockney. It’s also non-toxic and cleans up with water! Learn how to use a wide variety of acrylic products, including paint, gels, medium, and grounds. Practice mixing clean colors, controlling drying time, and creating glazes and textures. This course is designed for new artists and those who have never explored acrylics in depth. TWA

Aqueous Media and Collage
Learn to create collages using aqueous media (watercolor) as a unifying tool. Students will conceptualize and assemble compositions related to mythology, symbolism, fantasy, personal iconography, whimsical, and/or spiritual themes. Gain experience using design principles and elements of art to create a unified piece. There is no limit on the combined use of aqueous media: we will incorporate found objects, pen and ink, magazine clippings, colored and watercolor pencils; acrylic paints, pastel, pencil, and discarded paintings. Building and Construction

Architecture and Construction Management

Computer Applications in Construction

Computer Applications in Construction reviews the fundamental software applications used in construction management, administration, estimating, scheduling, and cost control. Topics include an introduction to several software packages used in the construction industry, internet applications, and emerging technologies in construction. Software packages reviewed and applied include Microsoft Word, Excel, and PowerPoint; Sage (formerly Timberline) and On-Screen Takeoff for estimating; and Primavera P6 for scheduling. TWA

Challenge Program

These unique enrichment courses help adults with developmental disabilities function more independently in the home, at work, and in the community. Of equal importance, students will have the opportunity to increase their social and community awareness by visiting Montgomery College and learning what it has to offer. Before class begins, please call 240-567-5188 for changes or cancellations.

For more information, please visit: www.montgomerycollege.edu/wdce

\textbf{Student Expectations:}
Students are expected to be able to navigate the Campus independently and must abide by the student code of conduct. Any violation may result in disciplinary action, including dismissal from the program.

For support services due to a disability, please contact Natalie Martinez at 240-567-4118.

NEW PROGRAM!
MS Excel—Level II
Excel Level II builds on the basic concepts and skills of our Level I course to provide more advanced tools for analysis and presentation of complex, realistic data in Microsoft Excel 2019/365: how to manage complex workbooks, build more complex functions, use data analysis tools, make an impact with powerful chart and presentation features, and collaborate with other users. Key capabilities and functions covered in this course include name ranges, table structured-references, PivotTables and Pivot Charts. This course follows the curriculum for the Microsoft Office Specialist (MOS). Prerequisites: MS Excel—Level I or equivalent experience. You must bring textbook(s) and a USB Flash drive to first class.

Basic Courses

Cloud—Introduction
The new age of computing has meant we barely ever store things on our devices anymore, and instead we keep our beloved photos, documents and videos in the ubiquitous cloud. However, cloud computing takes many forms and it can get pretty confusing to figure out how to get the most of each service. From OneDrive to iCloud, Google drive to Netflix and iTunes, the course covers the biggest and best of cloud computing and will teach you the best way to manage these online services. This course is intended for computer users who are comfortable navigating the Internet. Students interested in how businesses use the cloud should consider taking the Amazon Web Services (AWS) course sequence. Prerequisites: Computer Basics, Working with Windows, File Management Skills, or Equivalent Experience. TWA
Course: ITI284 8 Hours
45 + 80 fee = 125; NMR add 120
Structured Remote
CRN#: 34280 4 Sessions M W 3/1-3/10 9 a.m.-11 a.m.

File Management Skills
Develop expertise in file management, create folders and subfolders with Windows Explorer, and find and copy files. File management skills are required for students who take MS Office, web development, or programming courses. Prerequisites: Computer Basics or equivalent experience, and Introduction to Keyboarding, or keyboarding skills. You must bring textbook(s) and a USB Flash drive to first class. TWA
Course: CMP226 5 Hours

CRN#: 34670 2 Sessions W F 2/3-2/5 9 a.m.-11:30 a.m.

Networking Basics
Learn how to set up a small, local computer and digital device network. Connect and secure Wi-Fi devices to a network. Use routers, access points, computers, printers, tablets, cell phones, and other devices in a network. Set permissions and access control in a small network. The concepts learned can be applied to set up home networks as well. Prerequisites: Computer Basics, Working with Windows, File Management Skills, or Equivalent Experience. TWA

Business Applications

QuickBooks—Level I
Learn the fundamentals of using QuickBooks 2018 to track the finances of a small business. Set up a new company, manage bank account transactions, maintain customer, job, and vendor information, and manage inventory. You will also create invoices and credit memos, pay bills, write and print checks, add custom fields, and learn how to protect and back up your data. Prerequisites: Windows and some accounting knowledge or equivalent experience. CPA/CPE accredited. You must bring textbook(s) and a USB Flash drive to first class. TWA
Course: ITI463 12 Hours
99 + 198 fee = 297; NMR add 140

Cloud Computing

**AWS: Amazon Web Services—Level I**
Gain hands on experience with Amazon Web Services (AWS) products and services in this first in a series of three AWS courses that will help students achieve the AWS Certified Solutions Architect-Associate certification. Learn how to connect to, and support, AWS Elastic Cloud Compute (EC2) Windows and Linux server instances. Learn how to select appropriate services for a flexible, high availability environment, and then implement, configure, backup, and maintain them in the cloud. Learn to understand pricing, security, and gain practical experience configuring a fault-tolerant systems environment that can scale automatically to meet changing resource demands. This course is for administrators, architects, and developers interested in using AWS services, as well as those interested in becoming AWS certified. All students are expected to have an AWS account, please visit: aws.amazon.com to create your account. A textbook is recommended for this class. Prerequisites: Experience with servers or the command line. TWA

**AWS: Amazon Web Services—Level II**
Gain hands on experience with Amazon Web Services (AWS) products and services in this second in a series of three AWS courses that will help students prepare for the AWS Certified Solutions Architect-Associate certification. This course progresses students who are already familiar with Amazon Web Services (AWS) by giving them hands on experience with additional tools and capabilities beyond what is provided in the AWS I-Level I class. Students will learn how to configure and manage the AWS environment with greater efficiency and automation. They will use the command line, SDKs, and templates to use infrastructure as code, they will use CloudFormation, Elastic Beanstalk, and OpsWorks to automate deployment, and they will learn about AWS data storage techniques, and will be introduced to relational database services. This course is for administrators, solution architects and developers interested in using AWS services, and those interested in becoming AWS network administrators. All students are expected to have an AWS account, please visit: aws.amazon.com. Prerequisites: AWS I or equivalent experience. A textbook is recommended for this class. TWA

Cisco CCNA—Introduction to Networks
This course focuses on end and networking devices, their protocols and the Internet. The student will learn the elements of a network, identify components such as routers, switches, firewalls and the networking features of popular operating system such as Microsoft Windows and Linux distributions like Ubuntu. In addition to the above networking components the course will heavily focus on IPv4 and IPv6 addressing to build logical networks. This online course will make extensive use of Cisco Packet Tracer network simulation tool to learn the Cisco devices’ command set using its Command Line Interface (CLI). Prerequisites: It is highly recommended the student is very familiar with Windows 10 Professional Edition (preferred) screen and features navigation, Windows Administrative Tools in particular. Familiarity with search for software distributions (a.k.a. Linux distributions). Very important: Motivation to learn, investigate, troubleshoot, open mind to tackle technology challenges and work hard to find solutions to fix problems. ITI Networking Academy TIP
The ITI Networking Academy at the Information Technology Institute at Montgomery College is a comprehensive program that will help you build a solid foundation in computer networking. This instructor-led hands-on course provides you the entry level skills necessary to start a career in Information Technology. Our instructors are IT professionals who combine technical and real world experience so you can build the solution-based skills employers seek. This program will prepare you to get certified in the recognized CompTIA IT Fundamentals, Network+, and Security+ certifications. The ITI Networking Academy includes the following courses: IT Fundamentals Exam Preparation (32 hours), Network+ Certification Exam Preparation (42 hours), Security+ Certification Exam Preparation (20 hours). Prerequisites: Computer Basics, File Management Skills, or equivalent experience. Basic understanding of computer networking highly recommended. Textbook access and purchase information will be available at the first class. TWA

Network+ Certification Training and Exam Prep
Over time, the CompTIA Network+ certification has proven to be a must have certification for IT professionals new to networking, as well as seasoned professionals. Its profile has risen to the point where it is often recommended (or required) by major corporations and government agencies and is a condition of employment. In this course, you will be exposed to the five domains tested in the Network+ exam: network concepts, network installation and configuration, network media and topologies, network management, and network security. Upon completion of this course, you will be prepared to take the Network+ Certification exam. Prerequisites: Networking Fundamentals, knowledge of operating systems and hardware, or equivalent experience. Textbook access and purchase information will be available at the first class. Estimated price of course materials 130. TWA

Cybersecurity

CISSP Test Preparation TIP
The Certified Information Systems Security Professional (CISSP) course is designed to ensure that someone handling computer security for a company or client has mastered a standardized body of knowledge. Certified Information Systems Security Professional (CISSP) has developed as the key certification for security professionals in government and industry. Corporations are seeking certified, experienced information security professionals to safeguard their information and assets. The CISSP® is considered the global standard that proves an individuals proficiency in several security disciplines. Security professionals consider the Certified Information Systems
Security Professional (CISSP) to be the most desired certification to achieve. This course is intended for experienced cyber professionals that have the background to take the CISSP but need help preparing for the exam. **Prerequisites:** Two years of experience and extensive knowledge of cybersecurity. The ideal candidate has already started preparing to take the exam and would be using this class to complete their preparation. You must bring textbook(s) and a USB Flash drive to first class. TWA

**Cybersecurity Foundations Training**

Gain the skills, knowledge, and credentials required to begin a career in the fields of Information Technology and Cybersecurity. You will learn the fundamentals of Linux including the essentials of the file system, command line interface, and basic utilities. You will also obtain essential knowledge of networking. Learn to how the internet works and how to combine servers, routers, switches, hubs, and gateways into networks that can connect to the internet. Gain an understanding of how SSL, DHCP, DNS HTTPS combine to give us our modern internet security framework. Finally, prepare for the CompTIA Security+ certification. Security+ is one of the most widely sought after certifications for those seeking to either enter or advance in the security field. In this course, you will learn the basic skills necessary to begin the study of digital forensics. You will also learn how to examine network, log and file system evidence for traces of incursion and attack.

Data Analysis

Automated Tools for Data Science
With the recent boom in data science, there is also an increase in the interest in using data science without knowing how to code. There are now fantastic tools that can take some of the hard work out of your hands and provide you with a simple GUI interface for doing some of the basic Data Science tasks. In this class, you are introduced to data science tools that do not require programming skills. This class is for students that have had at least one class in data analysis and understand that primary tasks in a data analysis pipeline. All students are expected to have an AWS account. AWS.amazon.com to create your account. Prerequisites: An interest in and basic knowledge of Data Science. You must bring textbook(s) and a USB Flash drive to first class. TWA

Computer Technology/ITI—Cosmetology

JavaScript & jQuery
JavaScript is the high-level, interpreted programming language used to make webpages interactive. Alongside HTML and CSS, JavaScript is one of the three core technologies of the World Wide Web. JavaScript enables interactive web pages and thus is an essential part of web applications. All websites use it, and all major web browsers have a dedicated JavaScript engine to execute it. As a multi-paradigm language, you will learn how JavaScript supports event- driven, functional, and imperative (including object- oriented and prototype-based) programming styles. It has an API for working with text, arrays, dates, regular expressions, and basic manipulation of the Document Object Model (DOM). The Dreamweaver Integrated Development Environment (IDE) will be used to design and develop a website using JavaScript. jQuery, is the industry standard JavaScript library used to add interesting, interactive features to your web site. Topics will include jQuery set-up, installation, and use; using jQuery action/reaction events; and show/hide. Learn to quickly add animations and effects, image slide shows, photo galleries, and rollovers. Add a jQuery navigation bar. Enhance and validate forms and learn other jQuery web features. Prerequisites: HTML5 and CSS3 or equivalent experience. You must bring textbook(s) and a USB Flash drive to first class. TWA

XML/JSON/AJAX
This course is an overview of core technologies developed for defining asynchronous web capabilities. XML documents are a validating structure and formatting, used to and delivering metadata information via the Web. JavaScript Object Notation (JSON) is an open-standard file format that uses human-readable text to transmit data objects. These are the most common data formats used for browsers and servers. Asynchronous JavaScript and XML (AJAX) is a set of Web development techniques using many web technologies on the client side to create asynchronous Web applications. With AJAX, web applications can send and retrieve data from a server in the background without interfering with the display and behavior of the existing page. AJAX is not a single technology, but rather a group of technologies that include JavaScript, JSON and XML. Hands-on activities include building and validating ALAX data retrieval and presentation. The Dreamweaver Integrated Development Environment (IDE) will be used to design and develop asynchronous web capabilities using XML, JSON, and AJAX. Prerequisites: HTML5, CSS3, JavaScript, and jQuery or equivalent experience. Textbook/course materials should be purchased and brought to first class. TWA

Conocimiento lógico-matemático
Esta clase está diseñada para que los niños desarrollen destrezas y aptitudes para investigar, explorar y construir su entorno a partir de la observación a través del uso de sus cinco sentidos y su capacidad analítica. El conocimiento lógico-matemático, según la teoría constructivista de Jean Piaget, es aquel que le permite al niño realizar conexiones y relaciones entre los objetos y eventos que observan en su entorno físico. Eventualmente este conocimiento les va a permitir establecer relaciones comparando, clasificando y ordenando los objetos. (0.4 CEUs) TWA

Health Sciences

All Health Sciences Students:
Students must understand and meet all requirements and/or standards imposed by recognized professional societies and all contract requirements imposed on College students by the institution or agency where the clinical practice is to occur. Please see our website for details.

Although classes in the brochure may reflect face-to-face meetings, please note, until further notice from the Montgomery County Leaders, classes will be taught online via Zoom and/or Blackboard learning systems. Therefore, you will need a computer, laptop, tablet, or smartphone camera ready with speakers, internet access and a browser that is current.

If clinicals resume, COVID19 training will be required prior to entry into the healthcare facility. Face masks, social distancing, and frequent hand-washing is also required.

For classes that are scheduled to be on campus, you are required to wear a mask, wash hands before entering or leaving building or classroom, wash your hands before and after using equipment, and practice social distancing as required by the CDC.

Please check the website for updates: https://www.montgomerycollege.edu/wdce/health-sciences

Nursing Refresher: Clinical

Practicing nurse experts supervise your 60 hours of clinical experience in medical-surgical nursing, which includes patient assignments, team work, completing documentation and care plans, and giving medication. Basic skills lab practice and emergency medicine review will be provided. You must register for the classroom, clinical, and lab in order to use the payment plan. There is a nonrefundable fee to participate in the payment plan.

Prerequisite: Concurrent enrollment in NUR057 and NUR023. TWA

A. Nursing License: If your Maryland license has lapsed, you must apply for, pay for, and receive an inactive license. If you have an active license from any state other than Maryland, you must apply for and receive a Maryland license before starting your clinical.

B. CPR Certification: This must be a healthcare provider-level course from American Heart Association.

C. A complete physical exam, signed by your health provider, within 9 months of the start date for clinical. (You must use the Montgomery College Nurse Refresher Health form).

2. Proof of immunity to the following diseases: *Mumps, Measles (Rubella) and Rubella: Must provide serologic evidence that you are immune to Mumps, Measles and Rubella (positive titers). If blood titers are negative for any of these 3 diseases, you must receive two (2) doses of Mumps, Measles and Rubella vaccine (MMR) given 4 weeks apart. (Information documenting past MMR vaccinations is appreciated but cannot take the place of the titer test results.) *Varicella: Must provide serologic evidence that you are immune to Varicella (positive titers). If titers are negative, you are required to receive two (2) doses of Varicella vaccine given 4 weeks apart. (Documentation of childhood disease will not be accepted). *Hepatitis B: Three (3) doses of Hepatitis B vaccine given 0,1, and 6 months apart. Followed by Hepatitis B surface antibody testing 1-2 months after dose #3 is required. If you cannot provide documentation of the 4-step vaccination process described above, you must obtain serologic evidence of immunity (positive Hep Bs Antibody titer). If this titer is negative for immunity, the vaccination series must be repeated. *Tetanus, Diphtheria, and Pertussis: Documentation of one (1) dose of Tdap vaccine (not to be confused with Dtap) in the past two (2) years, regardless of when the last Tetanus and Diphtheria vaccine was given. *Influenza: Vaccine is to be given at least 1 month prior to the start date for clinical. Please note: Vaccine series must be completed by the second week of class. All laboratory titers must have date blood was drawn as well as test results.

3. Tuberculin Skin Test: (Mantoux Tuberculin test) within 9 months of the start date for clinical is required. If test results show TB exposure in the past or present, you must obtain clearance from your health provider that you are able to attend clinical. A chest x-ray may be needed.

Use the Montgomery College TB clearance form which will be provided with the Health Inventory Form when getting evaluated.

Introduction to Coaching
If you seek to inspire and motivate others, then coaching may be the skill set for you. This emerging field draws on numerous communication approaches and techniques you can use to support others in achieving short and long-term goals by developing a positive approach to all areas of their lives. In this experiential 3 1/2 hour introductory session, we will discuss what coaching is- and isn’t- distinguishing coaching from mentoring, consulting, therapy, training and athletic development, coaching core beliefs, qualities of an effective coach and the essential components of all coaching interventions. Additionally, the Montgomery College Coaching Certificate Program, the International Coach Federation (ICF) coach credentialing process and the latest trends in the coaching industry will be addressed.

World Languages

Textbooks for World Language Classes

Most world language classes with a course code beginning with 'LAN' require textbooks. Many texts are used for more than one year of study. Text costs are in addition to course fees. You may purchase your book through the Rockville Campus Bookstore. Go to www.bkstr.com/montgomerycollegestore/home for more details about purchasing, buybacks, returns, contact information, etc.

World Language Students: Not sure of your level?

Ask yourself: If I am in a situation where I must speak the language, how well am I able to understand and be understood? Then read through the course descriptions and register for the level that seems most appropriate. When you go to the first class you may confer with the instructor and then transfer to a more appropriate level if necessary. If you need more assistance, contact Laura Weihrauch at laura.weihrauch@montgomerycollege.edu or 240-567-1862.

Spanish in Our Community/\nEspañol en Nuestra Comunidad

This conversational Spanish course, conducted entirely in Spanish and intended for advanced and intermediate level Spanish students, aims to improve language fluency, while building linguistic bridges with the 200,000-plus people of Hispanic origin who live in Montgomery County. We will examine excerpts from the Spanish press, community events calendars, local radio and television broadcasts, advertisements, poems and songs to generate discussion on current events, popular culture and the social, economic and political realities facing the Spanish-speaking population. Each week an invited guest will share their immigration story, underscoring their work in the region, giving students access, for example, to the editor of El Tiempo Latino, the founders of GALA Hispanic Theatre, and Latin American Studies professors from the University of Maryland. These activities will be supplemented with readings and videos to prepare students for the conversation. Early in the session students will receive an annotated list of local media resources, which will be updated in each class with valuable links on how to improve their reading comprehension, reading and writing skills. How To Publish Your Book

Everyone has a story to tell! Join us for How to Publish Your Book and learn successful tips and tactics to help yourself become a published author. Whether this is your first book, or you have a series of novels, your success in the writing game will be determined by the amount of credible publishers attached to you and your work. Topics that will be covered are the publishing process, marketing and promotion stages, and finally the book selling process. If you are ready to become a writer and author, this step-by-step course will give you all the tools you need to get published, again and again. TWA

Wordiness—When Just a Few Words Will Do
Do you find yourself writing sentences that are too long? Have you ever re-read a sentence and struggled to finish it in one breath? Wordiness is one of the most common mistakes that happens when a writer, either intentionally or unintentionally, uses far too many words. In this course, students will learn what filler words are and how to eliminate the use of them, and how to stop using unnecessarily complex or abstract words. TWA

Writing for Pleasure
Fiction Writing
So you've always dreamed of writing a novel? Or have you already published a few pieces and you're looking to take your writing further? In this hands-on workshop, you'll learn all the elements of great fiction: from character, motivation, and conflict to structure, setting, and scene-writing. Practice your hand at crafting dialogue, writing gorgeous sentences, showing instead of telling, and revising your work to commercial writing standards. We'll also discuss the business of writing—with a step-by-step guide to getting published! TWA

WDCE Bridge to Academic and Career Success Program

Students will be directed to the academic coordinator of Bridge based on their engagement in the MC English Remote Placement [https://www.montgomerycollege.edu/admissions-registration/assessments.html](https://www.montgomerycollege.edu/admissions-registration/assessments.html). Once connected with the academic coordinator, the student will take a standardized reading assessment to determine which placement is the best fit. The WDCE Bridge Program or Connecting Reading and Writing. The Bridge Program is intended for students that test at a minimum of an 8th grade reading level. For the purposes of Spring 2021, Connecting Reading and Writing is intended for students that test between 5th and 7th grade reading levels.

The academic coordinator will provide the reading assessment to students that helps to determine Bridge Program versus Connecting Reading and Writing placement on a rolling basis, Tuesdays and Thursdays. To take the reading assessment, contact Academic coordinator, Jessica Hall jessica.hall@montgomerycollege.edu.

Participation in the WDCE Bridge program requires registration in all three courses, Student Success and Career Planning, Reading Comprehension, and Writing Comprehension, in the same group. Books and materials necessary for class can be purchased through the Montgomery College Bookstore. In addition, you must have access to Wi-Fi and a laptop, tablet or desk computer.

Program tuition and fees: $541 + $208 = $749* Non-Residents: Add $465.00 (*Does not include the cost of books) Additional classes will be offered, based on need.

For WDCE Bridge enrollment and registration information contact Professor Margo Barnett margo.woodward@montgomerycollege.edu

The scheduled class sessions will be held via Structured Remote Learning until the College returns to normal operations.

Classes will be offered in either an online or a structured-remote work learning format. This is Phase 1 of the phased approach outlined in the Schedule Transition Plan. Decisions to move into future phases will depend on state and county guidelines. See full details of the plan and the phases, including resources for students, employees, and the community, at MC Resilient: [www.montgomerycollege.edu/resilient-mc/index.html](http://www.montgomerycollege.edu/resilient-mc/index.html).

Distance Learning online classes will be taught fully online for the entire semester. Structured-remote classes will meet online at the designated times. Structured-remote classes allow the ability to transition to in-person formats as conditions allow or to scale back if conditions worsen after a period of improvement. Structured remote means that classes will meet at the scheduled times, but remotely. Students should expect to be present online at the times posted in the schedule and to be prepared to attend structured-remote classes in person as conditions allow.

Academic Programs and Courses

Inspiring, Engaging, and Relevant

Montgomery College offers more than 130 programs of study to enable you to achieve your goals. Our academic programs are designed to engage, inspire, and empower you to move forward. Are you a high school student looking to fulfill your early promise, or a high school graduate taking the next step? Are you an adult student looking to master a new discipline, or continue your training and grow your skill set in a specific field? Whether you are a transfer student or an international student, a military service member or senior student, MC has the program for you. Find out more about Montgomery College's Academic Affairs Division.

* General Studies: a flexible degree path emphasizing transfer in one of four academic cores: Humanities, Arts, Communications, and Languages (HACL); Science, Technology, Engineering, and Math (STEM); Social Sciences, Administration, and Health (SSAH); or Integrated Studies (INTG)

Special Programs

Montgomery College is home to several special programs designed to enhance our students' learning experiences and better prepare them to enter a career or obtain a bachelor’s degree.

- The Achieving Collegiate Excellence and Success (ACES) targets Montgomery County high school students and guides them through completion of a four-year degree.
- The American English Language Program prepares non-native speakers of English for successful college work in the United States.
- The Global Humanities Institute brings the world into our classrooms and helps prepare students for the global economy.
- The Gudelsky Institute for Technical Education prepares students for careers in automotive technology, building and construction, computer publishing, and other technical fields.
- The Health Sciences Institute prepares students for various health care careers, from diagnostic medical sonography to surgical technology.
- The Hillman Entrepreneurs Program supports and develops aspiring entrepreneurs, leaders, and scholars.
- The International Education and Study Abroad Program provides opportunities to study in other countries.
- The Paul Peck Humanities Institute facilitates internships at the Library of Congress, Smithsonian Institution, and United States Holocaust Memorial Museum.
- The School of Art + Design provides a portfolio-intensive, art school experience designed to transfer to premier art colleges.

Providing Opportunities, Empowering You to Succeed

Montgomery College provides a wealth of opportunities that empower you to move forward and achieve the skills you need to become successful—both academically and in life.
Services for Students with Disabilities

Montgomery College complies with the provisions of Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2009. The college provides accommodations, access to facilities, programs, activities and services for qualified students with documented disabilities. Accommodations are determined on a case by case analysis based on information provided by a qualified professional.

If you need support services due to a disability, please contact Natalie Martinez, WDCE Disability Support Services Counselor, to schedule an appointment, phone 240-567-4118, e-mail natalie.martinez@montgomerycollege.edu, Fax: 240-567-5163 at least six weeks prior to the start of the classes to ensure timely services. If necessary and appropriate, students may register for courses or activities prior to or while going through the support services process but are expected to comply with required deadlines to ensure that appropriate accommodations can be secured.

Any student who may need assistance in the event of an emergency evacuation must identify to Disability Support Services; guidelines for emergency evacuations are at: www.montgomerycollege.edu/dss/evacprocedures.htm.

Under provisions of the Americans with Disabilities Act, this material is available in alternative formats by contacting the Disability Support Services Office at 240-567-4118. A Sorenson Video Relay Service with a large Monitor is available in the Rockville, Takoma Park/Silver Spring and Germantown Campus libraries.

Students Under 16

Students must be 16 or older, or have permission of the program area by the start date of class, in order to participate. Call 240-567-5198 for more information.

Co-Listed Classes

Classes marked with this code [Col] are co-listed. They are offered so that students may register either for credit or continuing education (noncredit) status. Co-listing gives students an option to choose the best path for their educational needs. Each section includes both credit and noncredit students. For students seeking credit classes, please consult the credit course schedule. The expectations for attendance, participation, and effort are the same for all students. Instructors will announce policies concerning class activities.

If you have registered as a noncredit student in a co-listed course and you wish to change from noncredit to credit status, you will have one day after the class has begun to do so. After that, you are committed to your path as a noncredit student for the remainder of the course. If the course has a required assessment level to be a credit student, you must first complete the assessment testing and meet the appropriate assessment level before you can change to credit status. Dates for co-listed classes may reflect the actual credit term dates. Please check the day on your calendar for the actual start date of your class.

Parking Regulations

Each person associated with the College who parks a vehicle on any Campus of the College or any property owned, leased, maintained, or operated by the College must register the vehicle regardless of its ownership. Students, faculty, staff and visitors must abide by college traffic regulations. The College reserves the right to issue a citation or tow, at the owner’s risk and expense, any unregistered vehicle parked in violation.

Instructions for Parking Permits:

Students parking a vehicle on any Campus of the College (Rockville, Germantown and Takoma Park/Silver Spring) while attending a program will receive a temporary (15 day) parking permit with their class confirmation materials. If you register via the web, your printed confirmation or registration history will serve as a parking permit until you can print out the WDCE Student Temporary Parking Permit. The parking permit is free to students but you must register your vehicle.

All Students registered for WDCE classes spanning greater than 15 days from start to end date MUST obtain a parking permit following steps 1 to 4 below.

1. In order to obtain the permit, students need to log into MyMC the day after they register for the class.
2. Click on the “Order MY Parking Permit/ Pay Parking fines” link on the “MyMC Quick Links” tab.
3. Put in the start date and the end date of your class(es).
4. Print the permit.

Be sure to click the print link on the confirmation page as the permit will not be mailed.

Information about vehicle registration and parking, and how to pay or appeal a citation is available at www.montgomerycollege.edu/parking. The Montgomery College Motor Vehicle Regulations are available at www.montgomerycollege.edu/verified.

Textbooks and Materials

Textbooks/course materials: Purchase textbooks and/or course materials at the Campus where your class will be held. For classes held at the Gaithersburg Business Training Center, Distance Education and Learning Technologies (DELT), and off-Campus MCPS locations, please use the Rockville Campus MC Books & More; for classes at Westfield South use the Takoma Park/Silver Spring Campus MC Books & More. You do not need to go to a Campus store to make your purchase. You may purchase your textbooks/course materials online to have your purchases mailed to you. To order online or to find out more details about purchases, buybacks, returns, contact information, ebooks, rentals, and more, visit the College’s MC Books & More website at www.montgomerycollege.edu/bookstore or call the main number 240-567-5302. MC Books & More and the Cafritz Art Store & More are the Official Montgomery College Bookstores.

For information specific to WDCE, please visit our reference page at http://www.bkstr.com/montgomerycollege/store/home/

A USB flash drive/memoy stick (at least 512 MB) is required for ITI classes unless otherwise specified. Please bring to first class.

Inclement Weather

Inclement weather conditions: go to www.montgomerycollege.edu or call 240-567-5000. If the College is closed, there are no classes. For classes meeting in a Montgomery County Public Schools facility, go to www.montgomeryschoolmd.org. If MCPS is closed, or evening activities are cancelled, there are no classes. Students attending classes at local hospitals, will have class unless notified by their instructor.

Scholarship Opportunities

For detailed information regarding scholarship opportunities and how to apply, visit https://www.montgomerycollege.edu/workforce-development-continuing-education/wdce-scholarships/index.html

Montgomery College is an academic institution that is committed to equal opportunity and fostering diversity among its student body, faculty and staff. Inquiries regarding Montgomery College’s nondiscrimination compliance policies and procedures may be directed to Dr. Brenda Williams, Director of Employee & Labor Relations, Workforce Diversity and Inclusion, 240-567-5367.
Registration Options

Regardless of which registration option you select, registrants will be enrolled in the order that registration and payments are received (to avoid disappointment, register early); payment is required at the time of registration. All students must register prior to attending the first class.

Payments

Payment MUST be made IN FULL at the time of registration to avoid being deleted from the course. Complete information is required to process all registrations and payments. Further instructions for WEB, FAX, or MAIL-IN payments can be found at: www.montgomerycollege.edu/wdce/registerops.html.

Due to COVID-19, students CAN NOT register in person until restrictions are lifted. Please visit montgomerycollege.edu/wdce/esl for more information or see page 5 of this schedule.

Policy

The following are general guidelines taken from the College policy on residency for tuition purposes. A complete copy of the policy is available in the Montgomery College Catalog.

A. Students attending Montgomery College will pay tuition according to their residency classification.

To qualify for in-state tuition, a student must be a U.S. Citizen, Permanent Resident or have a qualifying Visa status.

B. To qualify, for tuition purposes, as a resident of the state of Maryland, legal domicile must have been maintained for a period of not less than three months prior to the first regularly scheduled class for the semester; unless you are a member of the Military covered under HB935.

C. The domicile of a person registering in a noncredit course at Montgomery College shall be considered as a person’s permanent place of abode, where physical presence and possessions are maintained, and where he/she intends to remain indefinitely.

Refund Policy

Refunds are paid at 100% for classes canceled, dropped online, or in person (using a Drop Form), prior to the start date of the class. Refunds are also paid at 100% if class is dropped prior to the Refund Date printed on your registration confirmation. DO NOT drop classes online on or after the day the class begins; you will not receive a refund. APPE students must call 240-567-7262 for refund/withdrawal instructions. Refunds for open enrollment classes will go to the registered student of record. For the Drop Form and more information, visit www.montgomerycollege.edu/wdce/register/refundpolicy.html.

NOTE: Due to COVID-19, face-to-face registrations are not available until the restrictions are lifted.

Transfer Policy

To transfer from one CRN to another CRN of the same course, a letter must be received in the Admissions, Records, and Registration Office, Montgomery College, 51 Mannakee Street, Rockville, MD 20850 before the beginning date of both CRNs of the course. If you have enrolled in a co-listed course you will have only one day after the class has begun to transfer. After that, you are committed to your path for the remainder of the course. If the course has a required assessment level to be a credit student, you must first complete the assessment testing and meet the appropriate assessment level before you can change to credit status.

Tuition Installment Plan (TIP)

The Tuition Installment Plan (TIP) may allow students to pay registration charges in several payments; some restrictions apply. Each term is independent and must be enrolled in separately. A nonrefundable fee is required to participate in TIP. Students must register online during the TIP enrollment period prior to the close date indicated for each plan. Only courses with a TIP code have a tuition installment plan available. For more information go to www.montgomerycollege.edu/wdce/registerops.html

Tuition Waiver

Only noncredit courses designated “tuition waiver applies” in each publication will be available for tuition waiver. This statement appears in each applicable course description. Only tuition is waived; required fees must be paid by the student. Documents must be received at time of registration.

Senior Tuition Waiver (TWA): Maryland residents 60 years or older by the start date of the class may have tuition waived.

Disability Tuition Waiver: Please go to montgomerycollege.edu/wdce/register/disabilitywaiver.html for information.

Resilient MC

Throughout the ongoing pandemic, Montgomery College has prioritized the health and safety of its students and employees above all else. As we move into the next phase of teaching, learning, and working, this will continue to guide all of our decisions about the structure of our education programs and delivery of key services.

Watch and listen to our Conversation with Leadership: Resilient MC, where MC President DeRionne Pollard and senior vice presidents shared how the college is planning for the next phase of its resilient response to COVID-19.
