What Is Workforce Development and Continuing Education (WDCE)?

The Workforce Development and Continuing Education (WDCE) programs at Montgomery College provide a wide range of noncredit and credit educational offerings and services designed to meet the needs of county residents and businesses. Individuals in career transitions, those reentering the workforce, and those maintaining current technical skills, as well as those seeking lifelong education enrichment experiences, are among the 25,000 students each year. High-quality noncredit courses are available in numerous program areas including information technology, small business and management, technical training, certification and licensure preparation, financial planning, real estate, early childhood education, health sciences, professional development, writing, English as a Second Language, human resources, supervision, and more. Special programs are available for older adults, adults with developmental disabilities, and Spanish speakers. Course offerings change continuously to reflect the ever-changing needs of the businesses and communities we serve. As you peruse the programs and services in this publication, we’re sure you’ll find a wide variety of offerings suited to you.

In addition to classes for individuals, we contract with many businesses and government agencies to provide customized training for their employees. These classes are held at places of employment or can be offered at WDCE sites throughout the county.

About Our Students

When you enroll in one of our Workforce Development and Continuing Education courses, you will be joining more than 25,000 people who have attended our programs during the past year. These people come from diverse backgrounds but have one thing in common: the desire to learn new things. Although the median age of our students is 40, many of our students are young or older adults. Students come from all corners of the community, regardless of age and educational experience.

About Our Faculty

Our faculty are carefully screened professionals with expertise in their fields. Some are drawn from the College’s credit faculty. Instructors are hand-picked for their teaching skills, professional knowledge, and talent, ensuring our reputation as a provider of high-quality courses.

Where to Find Us

Classes are held on the Germantown, Rockville, or Takoma Park/Silver Spring Campuses at Montgomery College and two satellite Campuses—Westfield South in Wheaton and the Gaithersburg Business Training Center in Olde Towne Gaithersburg. Additional off-campus locations have been selected for convenience, amenities, and suitability for instruction. Classes meet at more than 40 locations countywide, including on site at places of employment.

Open to All

Montgomery College is committed to equal employment opportunity that assures access, equity, and diversity. Further, the College is committed to providing an environment in which all persons are provided the opportunity for employment, participation in academic programs, and/or other college activities free from discrimination, any form of harassment as prohibited by federal regulations and state law, and sexual assault.

National Recognition

Montgomery College Workforce Development and Continuing Education is certified by the Learning Resources Network (LERN), an international association in lifelong learning. LERN has rated our Workforce Development and Continuing Education unit as one of the leading providers of continuing education programs in North America.

Collage & Assemblage Basics
Discover collage, the combination of different and surprising materials into an artistic composition. Collage is unique because the smallest element is an existing object or image, as opposed to the freeform mark-making of drawing and painting. Continue in the tradition of artists like Picasso, Matisse, Lee Krasner, and Romare Bearden. Construct artwork built on the foundations of composition, color, pattern, space, and shape. Incorporate found objects, texts, images, and other unexpected objects into your art. Create finished two- and three-dimensional artworks that explore the possibilities of this medium. Open to students of all levels. TWA

Jewelry Basics
Explore the elements of jewelry design using simple hand tools. Learn techniques such as stamping, texturing, sawing, piercing, and wire wrapping. Design and produce your own jewelry in the studio as you develop your creativity and fabrication skills. Discover contemporary trends in jewelry and metalsmithing and how you can apply them to your work. Open to students of all levels. Note: This course does not fulfill soldering prerequisite for upper-level jewelry courses. TWA

Jewelry: Chain Links
Chain fabrication is an essential skill for jewelry design. A chain is generally used as a support for other components, but can stand alone as a piece of jewelry. Constructing your own adds authenticity and elegance to your final product. Explore traditional and eclectic chain forms that can enhance your jewelry designs or function independently as wearable sculpture. Design and hand-fabricate your own chains while building your forming and soldering skills. Prerequisite: ability to solder and saw unassisted; can be learned in ADS402/495, ART060, or ARTT245. TWA
Course: ADS597 35 Hours

Jewelry: Foldforming NEW
Discover foldforming, the process of repeatedly folding, annealing, and unfolding metal with hand tools to create 3D forms. Take advantage of metals’ natural ductility and plasticity to create original, origami-like forms that resemble chased soldered pieces. Explore traditional and experimental folding techniques and apply them to the creation of jewelry or small objects. Learn to incorporate foldforming into finished jewelry or small metalwork. Prerequisite: ADS402, ADS595, ART060 or ARTT245, or the ability to solder and saw unassisted. TWA

**Art + Design**

**Sewing: Introduction**
Are you interested in sewing but don’t know how to get started? Learn foundational sewing skills that will aid you in future projects. Practice the basics of hand sewing and the essentials of using a sewing machine. Learn the basic seven stitches needed to connect fabric pieces and hem edges: bastings, running, back, slip, hem, catch, and blanket. Explore the basics of embroidery and appliqué. Use simple sewing techniques to create projects like patches, napkins, and tote bags. Sewing machines are available for in-class use, but it is useful to have your own to work on at home. This course is ideal for beginners with no formal sewing experience. TWA

Course: ADS518  12.5 Hours  
$119 + $75 fee = $194; NMR add $120

**Takoma Park/Silver Spring Campus**  
CRN#: 23761  5 Sessions  F  
9/15-10/13  1-3:30 p.m.  
CRN#: 23762  5 Sessions  S  
10/21-11/18  1-3:30 p.m.

**Sewing: Level 2**
Continue your study of sewing, focusing on the sewing machine. While hand-swinging is an important skill, machine sewing is used for the bulk of most sewing projects. Learn the application for different stitch patterns while completing practical sewing projects. Demystify tension settings for clean, tight stitches. Learn to follow a pattern, add appliqués, and create structure with interfacing. Create useful household and wearable objects, like coasters, tablecloths, aprons, and scarves. Sewing machines are available for in-class use, but it is useful to have your own to work on at home. **Prerequisite:** ADS518 Sewing: Introduction or basic hand- and machine-sewing skills. TWA

Course: ADS584  12.5 Hours  
$119 + $75 fee = $194; NMR add $120

**Takoma Park/Silver Spring Campus**  
CRN#: 23763  5 Sessions  F  
10/20-11/17  1-3:30 p.m.

**Sewing: Level 3, Using a Pattern**
Incorporate clothing patterns into your sewing for consistency and accuracy. Patterns (paper templates for cutting sewing projects) allow you to plan ahead, use fabric more efficiently, take advantage of fabric characteristics like weave direction, and create identical multiples. Using both DIY and commercially available patterns, create clothing, accessories, and household items sized to you and your needs. Improve your general sewing skills by incorporating skills like zippers, wire-forming, and working with silk and slippery fabrics. **Prerequisite:** ADS584 Sewing: Level 2 or permission of instructor. TWA

Course: ADS591  12.5 Hours  
$119 + $75 fee = $194; NMR add $120

**Takoma Park/Silver Spring Campus**  
CRN#: 23764  5 Sessions  F  
9/15-10/13  3:40-6:10 p.m.

**Stained Glass: Introduction**
Create your own stained glass panel using the Tiffany method! Learn how to design your pattern, choose colors, cut and grind glass, and solder glass together. By the end of the class, you will complete one stained glass panel. No prior experience needed. Students must bring a pencil and ruler to the first class; any other drawing tools optional. TWA

Course: ADS490  15 Hours  
$124 + $95 fee = $219; NMR add $140

**Takoma Park/Silver Spring Campus**  
CRN#: 23765  5 Sessions  R  
9/14-10/12  6:30-9:30 p.m.

**Drawing & Illustration**

**Children’s Book Illustration**
Have you ever wondered what it takes to illustrate a children’s book? Learn about visual storytelling, the layout and design of children’s books, and the process of conceptualizing a picture book from start to finish. Choose a story to work with, create a storyboard, and work on a book dummy. We will look at examples, discuss composition, drawing and painting methods, and how to pitch to publishers or self-publish. Note: though you will be drawing, this is not a how-to-draw class. The focus is on narrative visual storytelling in the picture book format, as opposed to a specific drawing method/style. Open to students of all levels. TWA

Course: ADS492  15 Hours  
$124 + $95 fee = $219; NMR add $140

**Takoma Park/Silver Spring Campus**  
CRN#: 23767  5 Sessions  R  
10/26-11/30  6:30-9:30 p.m.

Painting

Abstract & Non-Objective Painting
Break free of the constraints of representational art by embracing abstraction! Abstraction became popular in Western art in the late 19th century, and has dominated painting since then. Non-objective painting—artwork with no anchor in observed reality—has often been referred to as the purest form of art. Focusing on 20th century art as a starting point, paint in abstract and non-objective styles while learning design and paint application strategies. Explore ideas that go beyond the canvas and physical reality and express these concepts in a non-representational manner. Prerequisite: Introductory painting class in the medium listed in section notes. TWA

Course: ADS 587 25 Hours

Entrepreneurship and Small Business—ESL
ESL Noncredit offers many courses for students whose first language is not English. Courses include instruction in reading, writing, speaking, listening, grammar, pronunciation, and vocabulary. Beginning through advanced levels are available.
We have classes on the Rockville and Takoma Park/Silver Spring campuses. We also have classes taught remotely through Zoom, Blackboard and other online tools. If you register for a remote class, you will receive the Zoom link the day before the class begins.
On-campus classes may meet occasionally over Zoom due to weather or other circumstances. After your course begins, you may be moved to a different class if your teacher finds you are in the wrong level.
For online classes, you must have reliable internet service and a computer or mobile device from which you can access Zoom, email and other websites.
You must register in person at one of the registration locations several days before the class begins. If you cannot, you must contact Annette Greene at 240-549-2691 or annette.greene@montgomerycollege.edu.
Please go to our webpage for more detailed registration information or call Customer Service at 240-567-5188 for help.

Clinical Medical Assistant

Clinical Medical Assistant Program
TIP
This program is intended for students who want to prepare for an exciting, challenging, and rewarding career in healthcare. This program will train you to assist physicians by performing functions related to the clinical responsibilities of a medical office. Instruction includes preparing patients for examination and treatment, routine laboratory procedures, diagnostic testing, technical aspects of phlebotomy, and the cardiac life cycle. You will review important topics including phlebotomy, pharmacology, the proper use and administration of medications, taking and documenting vital signs, cardiology including proper lead placements, professional workplace behavior, ethics, and the legal aspects of healthcare. This program includes 96 hours of classroom lecture and hands-on labs and a clinical externship opportunity (Course# HHS126) at a local healthcare provider.

TIP
To be eligible for the clinical rotation, you must successfully complete the 96-hour course, submit to a thorough background check and drug screening, and meet other requirements. Note: Upon successful completion of both courses, you would be eligible to sit for the National Healthcareer Association (NHA) Certified Clinical Medical Assistant (CCMA) national examination. TWA

Course: HHS112 96 Hours $1,680 + $675 fee = $2,355; NMR add $1,050

Clinical Medical Assistant—Labs and Clinical Externship
TIP
This 90-hour course serves as the required lab (40 hours) and clinical externship (50 hours) part of the Clinical Medical Assistant Program. Focus will be on the clinical responsibilities of the medical office; assisting the physician with patient contact and related care; preparing patients for examination and treatment; routine laboratory procedures and diagnostic testing; HIPAA and patient confidentiality; the legal aspects of healthcare and related regulatory issues; recording and taking vital signs, blood pressure, and other patient care items related to the physician's office visit; review and administration of medications, allergies, and other pharmacology related items; laboratory procedures; phlebotomy and the proper techniques to collect specimens for laboratory analysis; and cardiology and the proper placement of leads when taking a 12 lead EKG. To be eligible for this course, you must be enrolled in and/or have successfully completed the 96-hour classroom program, submit to a thorough background check and drug screening, and meet other requirements.

Upon successful completion of both courses, you would be eligible to sit for the National Healthcareer Association (NHA) Certified Clinical Medical Assistant (CCMA) national examination. TWA

Course: HHS126 90 Hours $1,680 + $675 fee = $2,355; NMR add $1,050

Dialysis Technician Program  
Gain the knowledge and skills needed to work as a dialysis technician. Under the supervision of physicians and registered nurses, dialysis technicians operate kidney dialysis machines, prepare dialyzers reprocessing and delivery systems, and maintain and repair equipment. Technicians work with patients during dialysis procedures, monitor and record vital signs, and administer local anesthetics and drugs as needed. They also assess patients for any complications that occur during the procedure and must be ready to take necessary emergency measures like administering oxygen or performing basic CPR. Note: This program does not include a national or state certification as part of its overall objectives. Additionally there is no student internship or clinical rotation offered as part of this program. TWA

Nursing Refresher: Clinical  
Practicing nurse experts supervise your 60 hours of clinical experience in medical-surgical nursing, which includes patient assignments, team work, completing documentation and care plans, and giving medication. Basic skills lab practice and emergency medicine review will be provided. You must register for the classroom, clinical, and lab in order to use the payment plan. There is a nonrefundable fee to participate in the payment plan.  

Prerequisite: Concurrent enrollment in NUR057 and NUR023.  
A. Nursing License: If your Maryland license has lapsed, you must apply for, pay for, and receive an inactive license. If you have an active license from any state other than Maryland, you must apply for and receive a Maryland license before starting your clinical.  
B. CPR Certification: This must be a healthcare provider-level course from American Heart Association.  
C. 1. A complete physical exam, signed by your health provider, within 9 months of the start date for clinical. (You must use the Montgomery College Nurse Refresher Health form).  
2. Proof of immunity to the following diseases:  
   *Mumps, Measles (Rubeola) and Rubella: Must provide serologic evidence that you are immune to Mumps, Measles and Rubella (positive titers). If blood titers are negative for any of these 3 diseases, you must receive two (2) doses of Mumps, Measles and Rubella vaccine (MMR) given 4 weeks apart. (Information documenting past MMR vaccinations is appreciated but cannot take the place of the titer test results.)  
   *Varicella: Must provide serologic evidence that you are immune to Varicella (positive titers). If titers are negative, you are required to receive two (2) doses of Varicella vaccine given 4 weeks apart. (Documentation of childhood disease will not be accepted).  
   *Hepatitis B: Three (3) doses of Hepatitis B vaccine given 0.1, and 6 months apart, followed by Hepatitis B surface antibody testing 1-2 months after dose #3 is required. If you cannot provide documentation of the 4-step vaccination process described above, you must obtain serologic evidence of immunity (positive Hep Bs Antibody titer). If this titer is negative for immunity, the vaccination series must be repeated.  
   *Tetanus, Diphtheria, and Pertussis: Documentation of one (1) dose of Tdap vaccine (not to be confused with Dtap) in the past two (2) years, regardless of when the last Tetanus and Diphtheria vaccine was given.  

Influenza: Vaccine is to be given at least 1 month prior to the start date for clinical. Please note: Vaccine series must be completed by the second week of class. All laboratory titers must have date blood was drawn as well as test results.  

Tuberculin Skin Test: Mantoux Tuberculin test) within 9 months of the start date for clinical is required. If test results show TB exposure in the past or present, you must obtain clearance from your health provider that you are able to attend clinical. A chest x-ray may be needed. # Certified Nursing Assistant Programs

## Certified Nursing Assistant / Geriatric Nursing Assistant (CNA/GNA) Program

This program is designed for someone interested in working in physician's offices, assisted living or long-term care facilities, adult daycare centers, home care agencies and in the school system. 88 hours of classroom and 60 hours of clinical in a long-term care facility/nursing home are required. After successful completion of classroom and clinical, you will receive a certificate of completion from MC, be eligible to apply for certification as a CNA and to take the Geriatric Nursing Assistant Licensing examination through the Maryland Board of Nursing. Students learn basic nursing skills, how to take vital signs, assure patient safety, and caring for patients with a variety of illnesses. Special focus on the older adult. Effective communication and basic computer skills are necessary in this environment.

## Hospital-Based Certified Nursing Assistant (CNA) Program

This program is designed for someone interested in working in the acute care or hospital setting, physician's offices, and ambulatory care facilities. 88 hours of classroom and 60 hours of clinical in a hospital are required. After successful completion of classroom and clinical, you will receive a certificate of completion from MC and be eligible to apply for certification as a CNA through the Maryland Board of Nursing. Students learn basic nursing skills, how to take vital signs, assure patient safety, and caring for patients with a variety of illnesses. Special focus on the hospitalized patient. Effective communication and basic computer skills are necessary in this environment.

### Step 1:
Prior to registering for one of these programs, you MUST complete a FREE, on-line orientation session. To receive a link to the on-line orientation, complete the CNA/GNA Interest Indicator Form or go to [https://www.montgomerycollege.edu/workforce-development-continuing-education/health-sciences/cna-gna/cna-gna-interest-indicator.html](https://www.montgomerycollege.edu/workforce-development-continuing-education/health-sciences/cna-gna/cna-gna-interest-indicator.html) During the orientation, you will take a basic math and reading test on-line. You must pass exam with 80% or better. Those who do not pass will have an opportunity to take the exam two more times. After passing both exams, you will be issued a signed registration form. The registration form must be taken in person to Customer Service to register for the program.

### Step 2:
Decide which program you want to pursue, CNA/GNA or Hospital-based CNA.

### Step 3:
Select how you want to take the classroom portion of the program. We offer in-person classes and hybrid classes which include on-line structured remote lectures scheduled on specific days and times. All skills labs are in person. After successful completion of the classroom portion, you will complete a clinical component.

### Step 4:
Choose a classroom and clinical option below. Each option includes a classroom and a clinical pair that must be taken together. You will register for two CRNs, one for classroom and one for clinical.

### Step 5:
All payments and additional fees are due at time of registration. Scholarships are available. You are encouraged to set up a Tuition Installment Plan (TIP) and email HealthCareers@montgomerycollege.edu to request a scholarship application.

### Step 6:
Register for your classes by taking your signed registration form in person to Customer Service. If you need assistance, go to the WDCE Customer Service office, email wdce@montgomerycollege.edu or call 240-567-5188.

Prospective students must be at least 18 years old and have a Social Security Number or Tax Identification Number to complete the Maryland Board of Nursing licensing process. All clinical facilities require a criminal background check, proof of immunity through immunizations and blood work, and current American Heart Association Basic Life Support CPR certification.

**PROOF OF COVID VACCINE IS MANDATORY FOR ALL NURSING AND HEALTH SCIENCES STUDENTS THREE WEEKS PRIOR TO THE FIRST DAY OF CLINICAL!**

*See schedule on next page.*

Dutch Golden Age Painting—from Rembrandt to Vermeer

This course presents a survey of the most influential Dutch painters of the 17th century. Justifiably known as the Golden Age, this was one of the most intensely creative periods of artistic activity the world has ever known. The wealthy Protestant middle class demanded a new range of subjects in art: portraits, scenes of peasant life, landscapes, townscapes, seascapes, and still lives. Among the most important painters of the movement were such celebrated names as Rembrandt van Rijn, Jan Vermeer, Jan Steen, Frans Hals, Jacob van Ruisdael, and Judith Leyster. Join the class to learn the key features of the Dutch Baroque; understand its relationship to the Reformation; and explore the key artists of the movement. TWA

Women Architects—Their Time Has Come

In 2019, Anne Litwin (consultant in women’s issues) published an article entitled “Why Are There So Few Women Architects.” Truth is—very few were admitted to schools of architecture until the 1970s. Did you know that now, women comprise 50% of those admitted to schools of architecture? Explore the careers of pioneering architects from the 1920s and 1930s such as Julia Morgan, architect for William Randolph Hearst or Mary Coulter who designed structures at Grand Canyon National Park. Were you aware that Frank Lloyd Wright employed about 100 women in his practice? Examine the career of Chloethiel Woodward Smith, a Washington, D.C.-based architect who, from the 1960s to the 1980s, headed the largest woman-owned architectural firm in the U.S. Analyze the careers of women architects to discern whether they made unique contributions to the field of architecture. From little-known women architects to possibly the best-known-Zaha Hadid—she traveled the world in search of them! TWA

**Meditation and the Wisdom of the Body**

Have you ever had a “gut feeling” about a situation or conversation? Have you ever felt you had something to say but you didn’t know what? We know that the body carries important messages for our overall wellbeing, but we often tune them out. This course provides practical ways to come to know the wisdom of the body. We’ll meditate in a body-based manner to experience greater ease and basic clarity. And we’ll go further, gently exploring the body’s responsiveness, its feel for a situation, thought or event. Through experiential learning in class and easy homework assignments, we’ll come to understand the basics of Somatic Meditation and explore the process of Focusing, as developed by Eugene Gendlin. This course requires no previous meditation or focusing experience. TWA

Anti-Semitism: Then and Now [NEW]

According to the U.S.-based Anti-Defamation League, 2022 set a new high for anti-Semitic episodes. Why has this noxious form of hatred risen to new heights? And what can be done about it? This course traces the history of anti-Semitism, from biblical times through the Middle Ages and into the modern age, when Hitlerism very nearly succeeded in wiping out Jews and their culture wherever it touched down. Is anti-Semitism today simply a variant of these historic outbreaks or a new phenomenon? What new tools and pathologies do today’s anti-Semites exploit? We will look at the threat posed by anti-Semitism today and the tools and techniques available to combat the threat it poses. TWA

Putin & The Return of Stalinism [NEW]

Since 2015, there has been a shift in Russian official attitude toward Stalin and his policies—Stalin began to be lionized on national holidays, his image burnished as one of Russia’s most highly successful leaders while any discussion of his terror was largely stifled. It is no coincidence that since then his popularity as a “great leader” has almost doubled to a high of 60%. At the same time Putin himself and his regime have come to mirror Stalin’s style and his rule—harsh, repressive, paranoid and isolated. This course is an exploration and comparison of Stalin’s years of in power and how Putin’s regime has come to resemble it. We will discuss what possible future may Russia face. TWA

The Tudors: From the War of the Roses to the Golden Age of Elizabeth  

In 1485, young Henry Tudor, whose claim to the throne was very weak, crossed the English Channel from France at the head of a ragtag little army and put an end to the War of the Roses and took the crown from the family that had ruled England for almost four hundred years. This course is an exploration of the dynasty he created, the most notorious in England’s history. Discuss how half a century later his son Henry VIII, desperate to rid himself of his first wife in order to marry a second, launched a reign of terror aimed at taking powers no previous monarch had even dreamed of possessing. Examine how decades later his daughter Elizabeth would inaugurate a Golden Age that few expected after the chaos and disorder unleashed by her father. Ulysses Grant: The Man Who Saved the Union

Ulysses S. Grant is the most unlikely hero in American history. A failure in everything he tried, Grant was expelled from the army, yet he single-handedly won the Civil War, ensuring both the end of slavery and the continued unification of the United States of America. As President he ensured the rights of the freed slaves and pressed for peace with Native American tribes. Examine this most misunderstood yet monumentally important American hero. Analyze how his reputation was attacked in the decades after the Civil War, and how more recently his legacy has been reevaluated and rehabilitated to the stature he so richly deserves. TWA

United States History 1950-1970: Through the Lens of the Motion Picture Industry

In 1950, the world was five years removed from World War II. The Cold War was in its infancy with an Iron Curtain having descended around Eastern Europe, the Red Scare was growing across the nation—particularly in Hollywood as Senator Joseph McCarthy took center stage, and the Korean War had just begun. View American and world history through a 20-year period of the motion picture industry. Examine the election of Presidents Kennedy and Nixon, the Space Race, the Cuban Missile Crisis, the assassinations of President Kennedy, Robert Kennedy, and Martin Luther King Jr. Analyze the Civil Rights and Voting Rights Act, the Vietnam War and student protests, and the Hollywood blacklist. Discuss popular directors, actors/actresses, and genres that dominated the movie scene. TWA

Wall Street: History and Mystery

They're the most important nine blocks in all of Manhattan—maybe in all of the world. Wall Street is home to the financial markets where companies go to get the capital they need to grow and thrive. However, Wall Street does most of this work behind closed doors, in ways most investors do not understand. Learn to cut through the jargon and mythology, how Wall Street does its business, and why it plays such a central role in our economy and in our individual financial lives. Explore the excesses—the scams, the double-dealing, the unrestrained greed—that led to demands for government regulation to protect average investors. Analyze the waning of Wall Street dominance over the years, and how and why these transitions to a more restrained version of market capitalism and a more decentralized global economy took place. How to Ensure Energy Supply With Sustainability
Sustainability is a buzzword capturing much attention. Ongoing concerns over natural disasters and the climate are stirring up passions and action groups. What are the real issues and what can we do? Since the industrial revolution, we have been dealing with the social and environmental ramifications of the growth of technology. Delve into the social, economic, and environmental impacts of our standard of living and energy dependence. The issues are both global and local. A priority aspect of sustainability is Solid Waste Management (SWM). As a local example of SWM, we will visit two Montgomery County facilities, the Recycling Center and the Resource Recovery plant and have lectures on sites. The dates for these are September 27 and October 4. Times and location information for the tours will be distributed at the first class. TWA

Fantasy Literature and Its Purposes NEW

What is the appeal of fantasy? This course will provide an answer as it explores fantasy literature across several forms. Fantasy is a genre of fiction that concentrates on imaginary elements (the fantastic). This includes magic, the supernatural, alternate worlds, monsters, fairies, mythological heroes—anything that extends beyond the borders of the verifiable. In fantasy literature, the magical or supernatural elements serve as the foundation of the plot, setting, characterization, or storyline. The literature pieces covered in class include: Alessandro Baricco, Ocean Sea; Ovid, The Story of Hades; William Shakespeare, A Midsummer Night’s Dream; David Garnett, Lady into Fox and the poem by Yeats, “Leda and the Swan.” TWA

Introduction to Coaching
If you seek to inspire and motivate others, then coaching may be the skill set for you. This emerging field draws on numerous communication approaches and techniques you can use to support others in achieving short and long-term goals by developing a positive approach to all areas of their lives. In this experiential 3 1/2 hour introductory session, we will discuss what coaching is-and isn’t—distinguishing coaching from mentoring, consulting, therapy, training and athletic development, coaching core beliefs, qualities of an effective coach and the essential components of all coaching interventions. Additionally, the Montgomery College Coaching Certificate Program, the International Coach Federation (ICF) coach credentialing process and the latest trends in the coaching industry will be addressed. ## PM101: Methodology and Overview
This course will introduce you to the two major methodologies utilized for managing projects—the predictive (traditional) approach and the agile approach. This overview will cover the terms and concepts of both approaches as well as giving a high level overview of how each methodology conducts projects. Having this broad understanding will provide you with a clear understanding of the different ways projects can be accomplished. You will use hands on exercises and a course exam to demonstrate understanding as well as to compare the benefits of each methodology. TWA

Driver Safety

Driver Education
This Maryland Motor Vehicle Administration (MVA) required course consists of 30 classroom hours and six-hours of behind-the-wheel driving. The college’s program adds value through interactive, student centered classroom methodology and one on one, needs-based behind the wheel instruction. Students who satisfactorily complete the program are entered into the MVA portal which enables them to take the driver’s license test at the MVA. Montgomery College educates parents on how to manage their teen’s learning to drive experience, beginning with parental involvement on the first day of class. The college expects a collaborative approach between parent and instructor(s) on managing this learning to drive experience. Students under 18 MUST be accompanied by mentor (parent, guardian, etc.) and bring a valid learner permit to Day 1 of the Driver Education class. If a student misses the first day of class, they cannot continue and must re-start the course at a later date. TWA

Driver Education with Additional Supports
Montgomery Colleges Driving School and its instructors are Maryland MVA licensed and certified. Our additional support instructors are dually certified in Special Education. This course, in a small classroom environment, prepares rookie drivers to test for a Maryland driver license. Our 36-hour course consists of 10 three-hour classroom sessions, and 3 two-hour individual sessions using our own cars. This course provides the exact same MVA curriculum as SFT-123 Driver Education, but with built-in supports. Students under 18 MUST be accompanied by mentor (parent, guardian, etc.) and bring a valid learner permit to Day 1 of the Driver Education class. If a student misses the first day of class, they cannot continue and must re-start the course at a later date. Montgomery College educates mentors on how to manage the learning-to-drive experience through our mentor/parental involvement expectations, our 12 driver readiness indicators with self-assessments, and a collaborative approach between mentor and instructor(s). For additional information, visit us on the web at https://www.montgomerycollege.edu/wdce/transportationsafety/drivers-ed.html. Year-Round Youth Programs at Montgomery College!
Providing high-quality programs that are educational, engaging, and fun!

Montgomery College Youth Programs
In partnership with MC faculty, we have developed intellectually stimulating and fun activities, classes, and programs with vetted vendors and instructors. They are offered in a safe, supervised environment as well as online. We welcome the opportunity to have your children join us whether they are looking for an intro to a new subject, deepening an interest in what they already enjoy, or mastering study/success strategies. We even offer sessions to explore career choices

WDCE Bridge to Academic and Career Success Program

If appropriate, you will be directed to the WDCE Bridge Program based on the results of your engagement in the MC English Guided Self-placement (https://www.montgomerycollege.edu/admissions-registration/assessments.html). Once connected with the appropriate Bridge staff member, you will take a reading assessment to determine which placement is the best fit, the WDCE Bridge Program or the Connecting Reading and Writing Class. The WDCE Bridge Program is designed to prepare you to move into MC’s English credit sequence and is designed to strengthen your reading/writing skills even if you don’t pursue the credit sequence. Connecting Reading and Writing typically begins a level slightly lower than Bridge and can then prepare students for Bridge or above, or any other life activities that utilize reading/writing skills.

Following the exam, you will work with Mary Margaret Delaney, an advisor and instructor who will answer your questions, help you establish the correct next steps and options, and assist you, as needed, with registration and more.

Participation in the WDCE Bridge program requires registration in our two linked WDCE Bridge courses: Integrated Reading Comprehension & Writing Composition and Keys to Academic & Career Success. Once placed, registration is open and all courses will be conducted at the Rockville campus. All required course materials are included in the program cost. County residents who have filed for financial aid (had their FASFA results submitted to MC and provided their social security number to the College) can apply for and be considered for scholarship funding for this program. The Bridge Office number is 240-567-7916 and email is wdce-bridge-program@montgomerycollege.edu. Please reach out for assistance and more information, as needed, but the first step is to contact Professor Jessica Hall, jessica.hall@montgomerycollege.edu to start the process.

Program tuition and fees: $580 tuition + $289 fee = $869.00* Non MD Residents add $440.00. (*required course support materials are included.)

- PTS020: $162 tuition + $80 fee = $242; Non MD Residents add $140
- PTS019: $418 tuition + $209 fee = $627; Non MD Residents add $300

For WDCE Bridge enrollment and registration information contact: WDCE-Bridge-Program@montgomerycollege.edu or mary.delaney@montgomerycollege.edu

**No class: November 23, 2023**

## NEED HELP LOOKING FOR A CAREER? CAREER COACH CAN HELP!

Career Coach is an online search tool that will help you find a good career by providing the most current data on wages, employment, job postings, and associated education and training for our region.

For more information, go to https://montgomerycollege.emsicc.com

---
Distance Learning (DL) are offered completely online and allow students to learn independently, on their own schedules, as they meet specific deadlines and complete assignments. Instructors guide students’ learning with lessons, activities, and feedback through a Blackboard course site.

Structured Remote (SR) are scheduled on specific days and at specific times. Students meet as a class remotely through Zoom or Blackboard Collaborate; instructors will tell students which software to use. Students complete reading and assignments according to the course schedule. Class sessions take place in real time, and the instructor leads course sessions.

Hybrid (face to face & DL or SR) are listed in the course schedule with specific times and locations. Some meetings will happen online via structured remote or distance learning along with some on-campus meetings.

More information on instruction types can be found on the web at https://www.montgomerycollege.edu/coronavirus/student-guidance.html#instruction.

Residential Policy

The following are general guidelines taken from the College policy on residency for tuition purposes. A complete copy of the policy is available in the Montgomery College Catalog.

A. Students attending Montgomery College will pay tuition according to their residency classification.
To qualify for in-state tuition, a student must be a U.S. Citizen, Permanent Resident or have a qualifying Visa status.
B. To qualify, for tuition purposes, as a resident of the state of Maryland, legal domicile must have been maintained for a period of not less than three months prior to the first regularly scheduled class for the semester; unless you are a member of the Military covered under HB935.
C. The domicile of a person registering in a noncredit course at Montgomery College shall be considered as a person’s permanent place of abode, where physical presence and possessions are maintained, and where he/she intends to remain indefinitely.

Refund Policy

Refunds are paid at 100% for classes canceled, dropped online, or in person (using a Drop Form), prior to the start date of the class. Refunds are also paid at 100% if class is dropped prior to the Refund Date printed on your registration confirmation. DO NOT drop classes online on or after the day the class begins; you will not receive a refund. ESL Noncredit students must call 240-567-7262 for refund/withdrawal instructions. Refunds for open enrollment classes will go to the registered student of record. For the Drop Form and more information, visit www.montgomerycollege.edu/wdce/register/refundpolicy.html.

Transfer Policy

To transfer from one CRN to another CRN of the same course, a letter must be received in the Admissions, Records, and Registration Office, Montgomery College, 51 Mannakee Street, Rockville, MD 20850 before the beginning date of both CRNs of the course. If you have enrolled in a co-listed course you will have only one day after the class has begun to transfer. After that, you are committed to your path for the remainder of the course. If the course has a required assessment level to be a credit student, you must first complete the assessment testing and meet the appropriate assessment level before you can change to credit status.

Tuition Installment Plan (TIP)

The Tuition Installment Plan (TIP) may allow students to pay registration charges in several payments; some restrictions apply. Each term is independent and must be enrolled in separately. A nonrefundable fee is required to participate in TIP. Students must register online during the TIP enrollment period prior to the close date indicated for each plan. Only courses with a code have a tuition installment plan available. For more information go to www.montgomerycollege.edu/wdce/registerops.html

Tuition Waiver

Only noncredit courses designated "tuition waiver applies" in each publication will be available for tuition waiver. This statement appears in each applicable course description. Only tuition is waived; required fees must be paid by the student. Documents must be received at time of registration.

Senior Tuition Waiver (TWA): Maryland residents 60 years or older by the start date of the class may have tuition waived.

Disability Tuition Waiver: Please go to montgomerycollege.edu/wdce/register/disabilitywaiver.html for information.

National Guard Tuition Waiver: If you are currently a member of the Maryland National Guard and are enlisted for at least a 24-month period, you are eligible for a 50 percent tuition waiver. You must submit proof of such from the adjutant general's office.

VA-Approved: If you are interested in using VA benefits for a Workforce Development and Continuing Education class please contact va@montgomerycollege.edu.

I certify that the information on this registration is correct and complete. I am aware of and will adhere to College policies as published in the Student Handbook. I understand that non-attendance and/or failure to file all registration changes in writing with the Admissions and Records Office does not relieve me of responsibility for tuition and fee charges incurred. I agree to abide by the policies and procedures of the College, including without limitation, the Student Code of Conduct and any payment liabilities. I hold the College harmless for any errors I have made that may affect a request for a subsequent refund or academic appeal.

Distance Learning (DL) are offered completely online and allow students to learn independently, on their own schedules, as they meet specific deadlines and complete assignments. Instructors guide students’ learning with lessons, activities, and feedback through a Blackboard course site.

Structured Remote (SR) are scheduled on specific days and at specific times. Students meet as a class remotely through Zoom or Blackboard Collaborate; instructors will tell students which software to use. Students complete reading and assignments according to the course schedule. Class sessions take place in real time, and the instructor leads course sessions.

Hybrid (face to face & DL or SR) are listed in the course schedule with specific times and locations. Some meetings will happen online via structured remote or distance learning along with some on-campus meetings.
