

	A	B	C	D	E	F	G
1	Biotechnology						
2	Bio-Trac®						
3	Bio-Trac® Training Programs are hands-on training workshops, designed for research scientists, which focus on the latest relevant techniques that are necessary for laboratory research. Visit the Bio-Trac Workshop Calendar to Pre-Register for these and other Training Workshops. https://biotrac.com/calendar/ . This calendar is subject to change without notice.						
4	Information about other Biotechnology programs and boot camps may be found at https://www.montgomerycollege.edu/workforce-development-continuing-education/biotechnology/index.html						
5							
6	Course	CRN#	Course Name	Hrs.	Start Date	End Date	Loc.
7	BIO002	24422	Advanced Gene Editing with CRISPR	21	9/29/2021	10/1/2021	F2F
8	BIO002	24429	Advanced Gene Editing with CRISPR	21	12/8/2021	12/10/2021	F2F
9	BIO004	24430	Antibody Validation and Characterization	14	12/6/2021	12/7/2021	F2F
10	BIO005	24428	Bio-Trac FACS	28	11/30/2021	12/3/2021	F2F
11	BIO006	24425	Bio-Trac Gene Editing with CRISPR	21	11/3/2021	11/5/2021	F2F
12	BIO008	25271	Developing Neural Lineage From iPSCs	28	12/14/2021	12/17/2021	F2F
13	BIO009	24424	Exosomes: Principles, Methods and Applications	28	10/26/2021	10/29/2021	F2F
14	BIO013	25178	Multiplex Immunofluorescence in Immune Oncology Symposium	14	11/8/2021	11/9/2021	F2F
15	BIO014	25179	Multiplex Immunofluorescence in Immune Oncology Workshop & Symposium	28	11/6/2021	11/9/2021	F2F
16	BIO015	24423	R for Research Scientists	16	10/18/2021	10/19/2021	F2F
17	BIO017	24427	Single Cell RNA Seq	28	11/15/2021	11/18/2021	F2F
