Computer Technology/ITI

Learn a new technology skill or obtain that industry certification you need to stay up-to-date—REMOTELY

Montgomery College Information Technology Institute continues to offer the hands-on technology courses that you need to stay current in the technology world. This summer we have added on, and will continue to add on, many new classes—**taught completely online**—to suit your needs. Our instructors will provide guidance to setup your learning environment at home, making it easier for your to practice your newly acquired skills.

Learn from faculty who are top industry experts.

Choose from:

- **Digital Forensics**
- **Oracle Certification**
- **Salesforce**
- **Data Analytics**
- **MS Excel**
- **Front-End Web Development**
- **Java and Python Programming**

For more information OR if there is a course you'd like to take, but you don't see listed? Give us your ideas! Please contact Mary Ann Behme at maryann.behme@montgomerycollege.edu.

Look for more classes this fall to update your skills and gain in-demand professional certifications. Many of our courses prepare you for Industry Certifications or Professional Licenses.
