

**Want to improve your math placement?
Then get on the FAST TRACK! (Summer 2021)**

There are two Fast Track options. **Option 1** is Basic FAST TRACK (WPS081). This is a 30-hour *review* course, covering prealgebra and elementary algebra topics, that prepares qualified students to potentially improve their math course placement. **Option 2** is Basic FAST TRACK (WPS082). It is the same as Option 1 in terms of content, except it meets for 28 hours versus 30 hours due to the Independence Day holiday (July 5).

Basic FAST TRACK—30 hours (WPS081) is offered on the following schedule:
