World Language classes can help you realize your goal of learning a new language without worrying about grades or big exams. In most languages, all levels are taught, from beginner to advanced. Not all courses are offered every semester. The goal of our language courses is to help you communicate in the language as quickly as possible. Part of every class is devoted to conversation practice; grammar is taught to support this goal of communication. You will be delighted with how much you are able to say, even after the first class.

Textbooks for World Language Classes

Most world language classes with a course code beginning with ‘LAN’ require textbooks. Many texts are used for more than one year of study. Text costs are in addition to course fees. You may purchase your book through the Rockville Campus Bookstore. Go to bkstr.com/montgomerycollege.store/home for more details about purchasing, buybacks, returns, contact information, etc.

World Language Students: Not sure of your level?

Ask yourself: If I am in a situation where I must speak the language, how well am I able to understand and be understood? Then read through the course descriptions and register for the level that seems most appropriate. When you go to the first class you may confer with the instructor and then transfer to a more appropriate level if necessary. If you need more assistance, contact Laura Weihrauch at laura.weihrauch@montgomerycollege.edu or 240-567-1862.

Latest Information

MyMC is your communication portal. The College will send emails to your MC email account. Be sure you can login to MyMC before your class starts. If you need help logging into your account, call 240-567-5188 for more information.

Cancellations or Schedule Change

Montgomery College Noncredit World Language Department reserves the right to cancel classes due to insufficient enrollment. If your class is cancelled you will be notified and will have the option to transfer to another class or receive a full refund.

Disability Support

If you need support services due to a disability, please visit us online at https://www.montgomerycollege.edu/wdce/registration-information/disability-support.html.

Room Numbers

Room numbers will be printed on your registration receipt for classes held on our Campuses. Please be sure to keep the receipt for your records. Room numbers can also be found online. Structured Remote classes will meet online at a designated meeting date and time.

Co-Listed Classes

Classes marked with this code (CoL) are co-listed. They are offered so that students may register either for credit or continuing education (noncredit) status. Co-listing gives students an option to choose the best path for their educational needs. Each section includes both credit and noncredit students. For students seeking credit classes, please consult the credit course schedule. The expectations for attendance, participation, and effort are the same for all students. Any non-credit student who enrolls in a co-listed class must be prepared to document that they meet the applicable credit class assessment/prerequisite requirements upon request and in specific classes, the student will be required to be assessed prior to enrollment. Instructors will announce policies concerning class activities. If you have questions about readiness/assessments, please contact the listing program/department.

If you have registered as a noncredit student in a co-listed course and you wish to change from noncredit to credit status, you will have one day after the class has begun to do so. After that, you are committed to your path as a noncredit student for the remainder of the course. If the course has a required assessment level to be a credit student, you must first complete the assessment testing and meet the appropriate assessment level before you can change to credit status. Dates for co-listed classes may reflect the actual credit term dates. Please check the day on your calendar for the actual start date of your class.

Distance Learning (DL) are offered completely online and allow students to learn independently, on their own schedules, as they meet specific deadlines and complete assignments. Instructors guide students’ learning with lessons, activities, and feedback through a Blackboard course site.

Structured Remote (SR) are scheduled on specific days and at specific times. Students meet as a class remotely through Zoom or Blackboard Collaborate; instructors will tell students which software to use. Students complete reading and assignments according to the course schedule. Class sessions take place in real time, and the instructor leads course sessions.

Distance Learning (DL) are offered completely online and allow students to learn independently, on their own schedules, as they meet specific deadlines and complete assignments. Instructors guide students’ learning with lessons, activities, and feedback through a Blackboard course site.

Structured Remote (SR) are scheduled on specific days and at specific times. Students meet as a class remotely through Zoom or Blackboard Collaborate; instructors will tell students which software to use. Students complete reading and assignments according to the course schedule. Class sessions take place in real time, and the instructor leads course sessions.

More information on instruction types can be found on the web at https://www.montgomerycollege.edu/coronavirus/student-guidance.html#instruction.
